COLLEGE OF MEDICINE

## CONTINUING MEDICAL EDUCATION

*Schedule of Events 2016*

*In Alliance with The University of Vermont Medical Center*

Preserving the passion for learning by sponsoring quality educational activities is the goal of Continuing Medical Education at the University of Vermont College of Medicine, in alliance with The University of Vermont Medical Center. Our programs provide opportunities for health care professionals to master what is new, gain fresh insights into the diagnosis and management of common clinical conditions, and share ideas and problems with their colleagues. We offer a variety of medical courses each year, ranging from half-day seminars for regional professionals to week-long national conferences.

The University of Vermont has been awarded Accreditation with Commendation by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education.

*AMA Category I Credit*<sup>TM</sup> is awarded on an hour-for-hour basis, with one hour of participation earning one hour of credit. Every effort is made to ensure that specialty society credit and nursing credit is also obtained for appropriate programs, so that professionals attending these courses may earn the credit most useful to them in fulfilling their continuing medical education requirements.

The University of Vermont College of Medicine and academic health center partner, The University of Vermont Medical Center, are located on the eastern shore of Lake Champlain in the city of Burlington, Vermont.
