Preserving the passion for learning by sponsoring quality educational activities is the goal of Continuing Medical Education at the Robert Larner M.D. College of Medicine at the University of Vermont, in alliance with The University of Vermont Medical Center. Our programs provide opportunities for health care professionals to master what is new, gain fresh insights into the diagnosis and management of common clinical conditions, and share ideas and problems with their colleagues. We offer a variety of medical courses each year, ranging from half-day seminars for regional professionals to week-long national conferences.

The University of Vermont College of Medicine is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME), to provide continuing medical education for the healthcare team. Every effort is made to ensure that specialty society credit is also obtained for appropriate programs, so that professionals attending these courses may earn the credit most useful to them in fulfilling their continuing education requirements.

The Robert Larner M.D. College of Medicine and academic health center partner, The University of Vermont Medical Center, are located on the eastern shore of Lake Champlain in the city of Burlington, Vermont.
Four Seasons of INTERPROFESSIONAL EDUCATION 2017

JANUARY
Emergency Medicine Update
January 22-25
Stowe Mountain Lodge
Stowe, VT

Current Concepts & Controversies in Surgery
January 23-25
