

## **Class of 2019: Student Panel Opportunities (and food!) for this year's Prep for Practice course! Help support the rising 4<sup>th</sup>-year students with your experience and insight!**

Sign up at <https://www.signupgenius.com/tabs/93d74db02afcfe1-preppractice>  
(sign-up has tabs)

### **⇒ Specialty Breakfast and Discussion: Thursday, March 28, 2019, 9 to 11 am. Larner Classroom (Med Ed 100)**

A chance for rising 4<sup>th</sup>-year students to mingle and chat with representatives from our clinical departments and current 4<sup>th</sup>-year students who have just gone through the Match, over a full breakfast. We hope to have 1-2 participants from each specialty attend. We have heard from past participants that students who have just gone through the process are a very valuable resource and have some great advice to offer.

### **⇒ The Extramural Experience: Monday, March 18, 2019, 2 – 3:30pm, Larner Classroom Med Ed 100**

This will be a chance to share your experiences with extramurals (including international experiences) during your Advanced Integration year. We are looking for 8 - 10 students to participate.

### **Lunch With Seniors: Tuesday, March 19, 2019, noon to 1:30, Larner Classroom Med Ed 100**

We would like to have up to 20 students total to participate in a casual discussion about your experiences in the Match, including Couples Matching (we are hoping to get at least 2 couples). Lunch will be provided.

### **Preparing for and Taking Step 2: Wednesday, March 20, 2019, 9 am to noon, Larner Classroom Med Ed 100**

Please share your experiences studying for and taking Steps 2 CK and CS. We would like to have 8 - 10 students on hand to talk about preparing for and taking the exams. We hope to have a few students who were TAs, and if anyone who failed one of the exams on the first attempt is willing to participate, your insight would be very helpful.
