

VCHIP / CHAMP / VDH COVID-19 UPDATES

Wendy Davis, MD FAAP - Senior Faculty, Vermont Child Health Improvement Program, UVM
Breena Holmes, MD FAAP – VCHIP Senior Faculty & Physician Advisor, MCH Division, VDH
April 21, 2021

Technology Notes

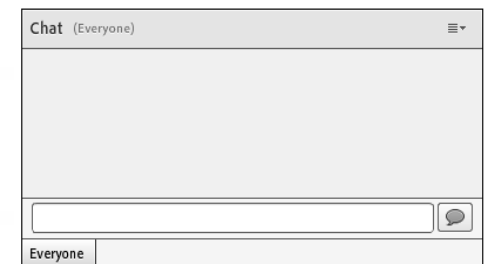

- 1) All participants will be muted upon joining the call.
- 2) If you dialed in or out, **unmute by pressing #6** to ask a question (and press *6 to mute).
If you are having audio difficulties and are using your computer speakers, you may wish to dial in:

Call in number – 1-866-814-9555

Participant Code – 6266787790

Presenters: Please avoid the use of speakerphone and make sure your computer speaker is muted if you dialed in via phone.

- 3) To ask or respond to a question using the **Chat** box, type your question and click the  icon or press Enter to send.

Marking the Verdict – Honoring George Floyd

From **Esau McCaulley** (NYT Opinion): ***“How I’m Talking to My Kids About the Derek Chauvin Verdict”***

<https://www.nytimes.com/2021/04/20/opinion/derek-chauvin-verdict-floyd.html> (4/20/21)

Overview

- ❑ **Administrative Professionals Day – *thank you!***
- ❑ Celebrate **Earth Day** tomorrow!
 - One year ago today our topics were: Mental Health Services During COVID-19 & Food Insecurity & Access for Vermonters
- ❑ **Queen Elizabeth’s 95th Birthday**
- ❑ Reminder – weekly event schedule:
 - **VCHIP/CHAMP/VDH calls: M/W/F**; Gov. Media Briefings Tues/Fri; VMS call with VDH Comm. Levine Thursday
- ❑ Situation, VDH, CDC, AAP updates; Tuesday media briefing
- ❑ Practice Issues: ***COVID-19 Vaccine for Adolescents***
- ❑ Q & A/Discussion

[Please note: the COVID-19 situation continues to evolve very rapidly – so the information we’re providing today may change quickly]

Situation update

Cases in Vermont K-12 Learning Communities While Infectious

Learning Community	Cases Reported In the Past 7 Days	Total Cases
Schools with less than 25 students are reported in the "Total for all Suppressed Schools" row at the end of the table.		
TOTAL FOR ALL SCHOOLS	87	1206

VT College & University dashboards:

- UVM update** (week of 4/12-4/18/21): 22 new cases off campus; 11 on campus; 1 faculty; 0 staff
- Middlebury College results** (updated 4/20/21): 0 new cases & 2 active cases (employees).
- Norwich University:** 1 current positive

AOE School Staff Testing Dashboard

Week of April 11; updated 4/21/21

<https://education.vermont.gov/news/covid-19-guidance-vermont-schools/school-staff-covid19-surveillance-testing/school-staff-covid-19-surveillance-testing-weekly-summary>

- Focus on: summertime engagement and how to support youth and families to connect this summer.
 - ▣ Updated summer health guidance for summer camps & programs
 - ▣ Information on language & strategies for parents to reduce anxiety & trepidation as children begin to re-engage w/schools, peers & communities
 - ▣ Highlights from new **Summer Matters** website & interactive map for families to identify summer programs and camps.
- Agenda: Welcome; Health Guidance Updates for Summer Programs; Family Engagement; Vermont After School Website and Maps; Q & A
- Register at:
<https://www.cognitofrms.com/VermontAfterschool/SummerAmbassadorEngagementWebinar;>
will receive Zoom link (email) when registration complete.

COVID-19 and Vermont Schools, Summer Plans

Schools:

- **SEE Burlington Free Press (4/18/21):** “We’ve always been the good guys” – VT School Nurses just had the most tiring year.”
 - ▣ But positives: staff recognizing expertise; how well students adapted to protocols.
- Quiet weekend for school cases (school vacation last week for many)
- AHS group working with AOE to discontinue the teacher surveillance testing and move to voluntary student surveillance at beg. of May.
 - ▣ Anticipate pilot in a few communities who have asked/volunteered; hope to help inform any routine student surveillance testing planning for Fall 2020.

Other updates:

- Childcare and summer health guidance will be released on ***Friday, April 23, 2021.***

COVID-19 and Summer Plans (cont'd.)

- Governor will discuss at Friday media briefing: anticipate May 1 start
- ***“Guidance for child care and out-of-school time”***
 - ▣ Updated for ***spring/summer 2021***
- Overnight camp guidance also to be released from ACCD (Friday).

VDH COVID-19 Vaccine Dashboard

- Daily updates Tuesday thru Saturday
- Data = counts reported by end previous day; subject to change.

By Age - Statewide

The percent of the statewide population of each age group that has received at least one dose of the vaccine

Age	%*
16 - 17	10.6%
18 - 29	22.7%
30 - 39	37.6%
40 - 49	47.4%
50 - 59	58.9%
60 - 64	73.7%
65 - 69	86.5%
70 - 74	92.8%
75+	89.0%
Vermont	54.5%

By Sex - Statewide

The percent of the statewide population of each sex that has received at least one dose of the vaccine

Sex	%*
Female	59.9%
Male	48.8%
Vermont	54.4%

Sex information is missing for 0% of people vaccinated.

By Race - Statewide

The percent of the statewide population of each race that has received at least one dose of the vaccine

Race	%*
White	52.4%
Two or more races	38.2%
Pacific Islander	7.8%
Native American, Indigenous, or First Nation	16.3%
Black or African American	36.6%
Asian	45.6%
Vermont	51.7%

Race information is missing for 5% of people vaccinated.

By Race/Ethnicity and Age - Statewide

The percent of the statewide population of each race/ethnicity that has received at least one dose of the vaccine

Race*	16 - 64	65+	Total
BIPOC	37.6%	74.8%	41.6%
Non-Hispanic White	38.8%	82.1%	49.6%
Vermont	38.7%	81.9%	49.0%

Race/ethnicity information is missing for 10% of people vaccinated.

BIPOC refers to Black, Indigenous, and people of color.

Summary

By Age, Sex, Race, Ethnicity

By Ethnicity - Statewide

The percent of the statewide population of each ethnicity that has received at least one dose of the vaccine

Ethnicity	%*
Hispanic	50.2%
Not Hispanic	49.5%
Vermont	49.5%

Ethnicity information is missing for 14% of people vaccinated.

*Percentages reported as 95% here indicate $\geq 95\%$. Values above 95% are suppressed to protect personal health information.

Pharmacy MinuteClinic® HealthHUB Shop ExtraCare® Contact Lenses Photo

Home > Pharmacy > COVID-19 Vaccine

Now offering the **FREE* COVID-19 vaccine in select stores**

We're administering the vaccine by appointment only based on local eligibility guidelines.

No cost with insurance or through federal program for the uninsured.

Vaccines are now available in some states at select stores to individuals 16 years of age and older for Pfizer; 18 years of age and older for Moderna) who meet state-specific eligibility

Vermont Vaccine Eligibility (*updated 4/12/21*)

WHEN CAN VERMONTERS SIGN UP FOR A COVID-19 VACCINE?

Long-term care residents and staff, health care, first responders	Registration open now
Ages 65+	Registration open now
Ages 16+ with certain high-risk health conditions	Registration open now
K-12 teachers and staff, child care, public safety	Registration open now
Ages 60+	Registration open now
Ages 50+	Registration open now
BIPOC households & caregivers of kids with high-risk conditions	Registration open now
Ages 40+	Registration open now
Ages 30+	Registration open now
Ages 16+	Registration opens April 19
Vermont college students with out of state addresses	Registration opens April 30

Most Vermonters should expect the entire process, from registration to when the vaccine is most effective, to take about two months.

Goal to have Vermonters fully vaccinated by July 2021

Updated 4.12.21

VDH: Getting the COVID-19 Vaccine

Special instructions for 16 & 17 year-olds:

- *“You will only see appointments for the Pfizer vaccine, since that is the only vaccine that is authorized for people age 16 and 17.*
- *For the state appointment system and appointments made through CVS, your parent or guardian will need to review the consent forms and check the box giving their consent for you to get the vaccine. Your parent or guardian does not need to go with you to your appointment.*
- *Kinney and Walgreens require a parent or guardian to be present and give consent at the appointment.”*

<https://www.healthvermont.gov/covid-19/vaccine/getting-covid-19-vaccine>

NEW: VDH Vaccine FAQ for Vermonters 16 – 17 y.o.

I'm 16 or 17. What do I need to know about getting my vaccine? (4/15/21)

- ❑ If you are making an appointment through VDH website, create an account. (youth or parent may create), or parent or guardian can add you as a dependent on their account.
- ❑ You will only see appointments for the Pfizer vaccine (only vaccine authorized for people age 16-17). May need to look at neighboring cos. if nothing in your co.
- ❑ Parent/guardian must review consent forms & check the box giving their consent. for you to get the vaccine. Consent built into the registration process, so parent/guardian does not need to accompany youth.
- ❑ If appt. directly through Kinney Drugs, CVS, Walgreens or Northfield Pharmacy, check their confirmation email for instructions re: consent from a parent/guardian and requirement to come with you to your appointment.

VDH: Getting the COVID-19 Vaccine

Special instructions for those who live another state:

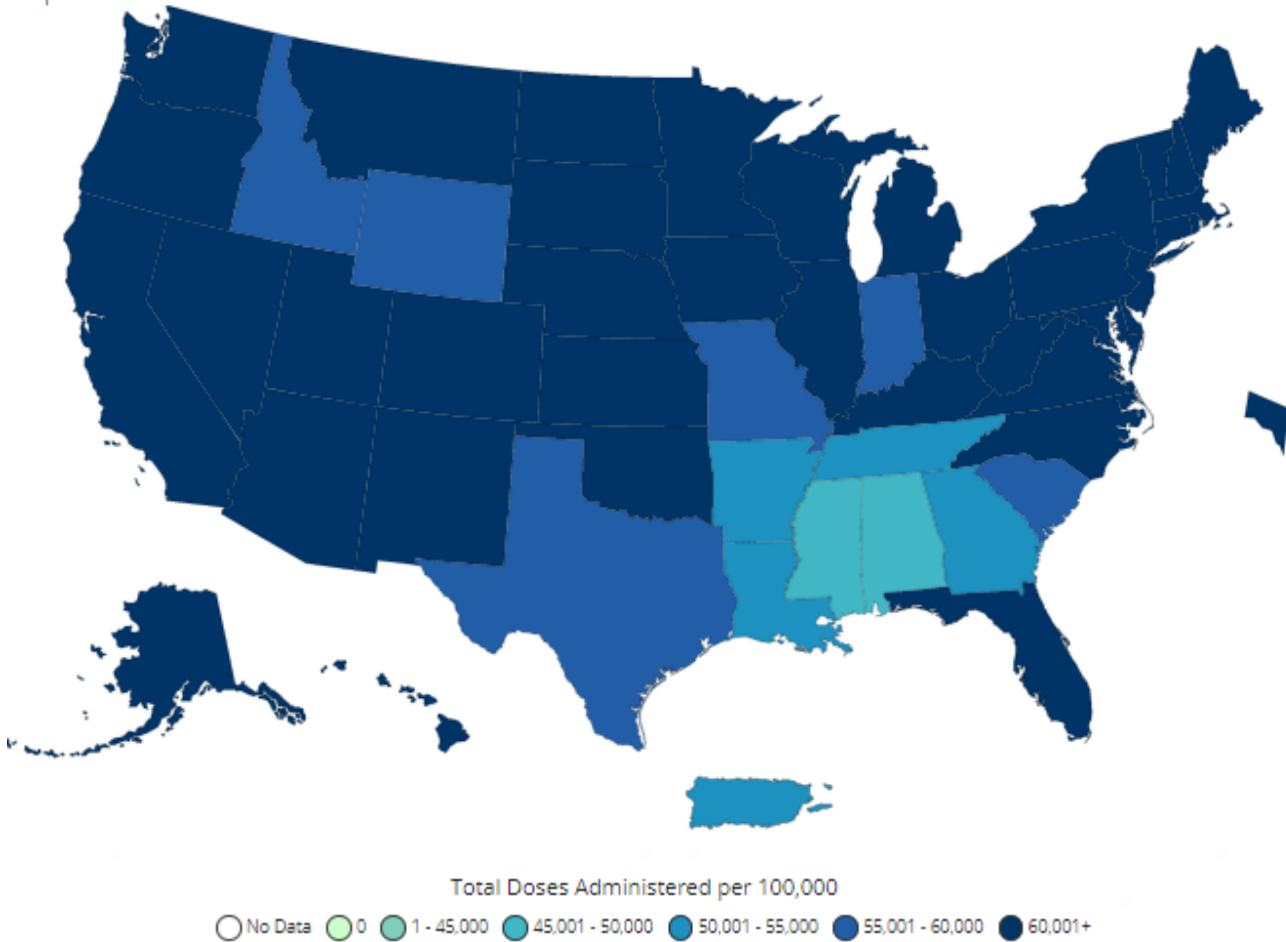

- *“You can still get a vaccine in Vermont if*
 - ▣ *You work in an occupation/setting in Vermont that is currently eligible.*
 - ▣ *You moved to Vermont w/in last 6 mos. w/intention of becoming a resident & are in age, occupation or another group currently eligible.*
- *April 30: VT expects to open registration to college students who are residents of another state & do not intend to stay in VT for the summer, and people who live part of the year in Vermont – will be based on the vaccine supply from the federal government.”*
 - ▣ **Set up account now**, so you'll be ready to make appt. when eligible.

VDH COVID-19 Vaccine Registration & Sites (cont'd.)

- Appointments from **4/21/21 – 7/2/21**
 - **265,166 total appointments clinics:** health care, VDH (Local/District Health Office POD), and some pharmacies (e.g., Costco, Walmart)
- **Online (preferred) for most** and **phone** appointment scheduling:
 - 1-855-722-7878
 - *If you need to speak with someone in a language other than English, call this number, and then press 1.*
- **Call Center Hours:**
 - Monday-Friday, 8:15 a.m. – 5:30 p.m.
 - Saturday and Sunday, 10:00 a.m. – 3:00 p.m.

NEW VDH Multilingual Vaccine Resources

- Talking points on J & J vaccine pause translated into several languages – are on translation & multilingual pages.
- Arabic, Burmese, French, Nepali, Somali, Spanish, Swahili, Vietnamese, English
- Kirundi in review process & will be posted when ready.
- <https://www.healthvermont.gov/covid-19/resources/multilingual-resources>
- Multilingual Task Force have also released video on same topic (includes Kirundi & Maay Maay)

From the AAP

- **President-elect candidates** for 2021 election just announced:
 - ▣ Sandy Chung, MD FAAP (Fairfax Pediatric Associates, Fairfax, VA; immediate past-president Virginia chapter)
 - ▣ Joseph Wright, MD FAAP (Pediatric Emergency Medicine; Sr. VP & CMO, U. of Maryland Capital Region Health. AAP at-large Board member)
- Now live – A AP “course” on **Fighting Racism to Advance Child Health Equity** available at:
 - ▣ Selected content from the Peds 21 Symposium at the NCE 2020
 - ▣ **FREE:** register at <http://shop.aap.org/fighting-racism-to-advance-child-health-equity>; Bitly: <http://bit.ly/childhealth-racism> (available 4/15-2021 thru 4/14/2024)
- Next COVID-19 Town Hall tomorrow (4/22/21), 8 pm Eastern

Tuesday Media Briefing (4/20/21)

Modeling – Commissioner Pieciak:

- Steady declines give us greater confidence of moving in right direction – on track to meet May 1 goals and “normal summer.”
- 797 new cases this week; 252 less than last; 435 fewer than week before (was all-time high). 7d. case rate fell 24%; down 39% since 4/1 as VT remains leaders in testing/capita.
- Younger demographic = primary reason why cases falling so nicely: down 33% over past 2 wks. (incl. down on college campuses).
- “Important point: lower case #s likely not result of vaccine since just became fully eligible & coverage in this age group still relatively low – seems more likely due to behavior change & follow PH guidance. Thank young Vermonters as we continue to slow the spread – request that they keep it up.

Tuesday Media Briefing (cont'd.)

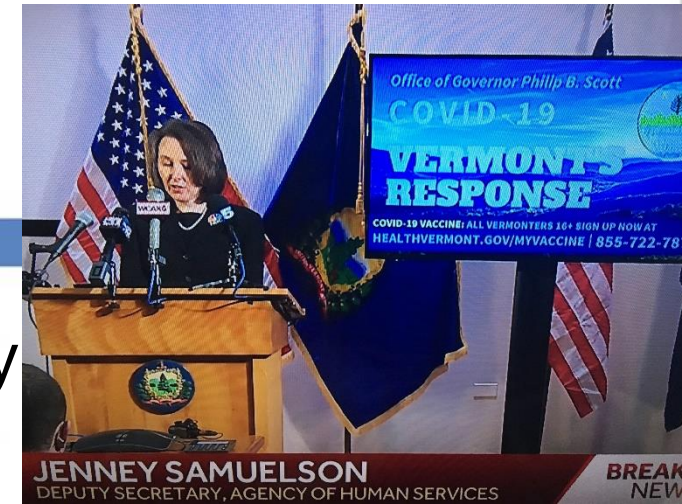

Modeling – Commissioner Pieciak:

- 11/14 VT cos. saw case rates fall this week; even w/o decrease still ~mild incr.
- CDC & Wyman forecast cases decline in coming wks.
- Even w/J & J pause, VT on pace to meet 5/1 vaccine range (VT Forward plan).
- **Est. 120 lives saved by vaccine in VT to date – i.e., ~1/2 of deaths to date.**
- Hospitalization rates overall stable; fatalities down compared to March; expect cont'd decrease.
- Regional cases down ~10%; decreased in all states except Maine.

Tuesday Media Briefing (cont'd.)

AHS Deputy Secretary Jenney Samuelson – (Secretary Smith off this week)

- Vaccine registration opened 4/19 to all Vermonters 16+.
- Just >47K 16-29 have made appointments; represents just >40% of that age group
- BIPOC: 18K appointments made.
- 295,128K Vermonters have received at least one dose vaccine as of 4/20 a.m.

Tuesday Media Briefing (cont'd.)

VDH Commissioner Levine

- Continue w/predominantly good news theme: lower daily case #s; positivity rate down to 1.5%. 23 in hosp. on 4/20; 6 in ICU.
- Reporting system for data undergoing scheduled maintenance. Post update case info will be assigned to day cases would have been reported.
- Now 1.5m. tests in VT; >373K people tested. Early in pandemic we didn't know if we'd have enough supplies to test the next day; vs. last month high of almost 19K tests in one day.
- Thank you to labs, data staff – but really Vermonters have helped us reach this point – their willingness to get tested & understand importance. Still free/easy. New travel policy requires w/in 3d.

Tuesday Media Briefing (cont'd.)

VDH Commissioner Levine

- Vaccine breakthrough cases are expected – no vaccine is 100% effective at preventing illness.
- CDC new data(4/13): >75m in U.S. vax since 12/14/20 w/5,814 reports of breakthrough cases in 43 states (voluntary reporting).
 - “Rare events” – breakthrough rate = .007%; cases at mild end spectrum.
 - 45% of the reported infections among 60+ yo; 65% were female; 29% reported as asymptomatic; 7% known to be hospitalized & 1% died.
 - Of the 396 hospitalized patients, 133 (34%) were reported as asymptomatic or hospitalized for a reason not related to COVID-19.
- Last week, 104 such cases in VT; now updated to 125.

Tuesday Media Briefing (cont'd.)

Governor Phil Scott

- Just off w/White House call (w/Drs. Fauci, Walensky, etc.)
- This week state supply = level. Pharm will see sl increase of 800K doses in U.S. so about 8K doses for VT (Moderna & Pfizer only).
No J & J this week.
- J & J will be making more at a facility different from Baltimore.
- VT Forward plan tied to vaccine rates. When we meet them & are able to move forward depends on Vermonters signing up – please sign up so we can all have a more normal summer to enjoy.

Tuesday Media Briefing (cont'd.)

VDH Commissioner Levine

- Good news: earlier this month Pfizer req. expand to adolescent age group 12-15 yo. Pfizer/Biontech Phase 3 clinical trials show vaccine safe & almost 100% effective in this age group. Data must still be reviewed by experts – but may be able to begin vaccinating this group by May or June. Ready to use lessons learned to date & critical partnerships to vaccinate younger VTers when time comes.
- **Q:** How long will vaccine infrastructure remain in place? Levine: referenced VDH IZ Program: “this is the actual structure by which we administer vaccines. Will transition sometime after 7/4 to this; clinical community will have more opportunity to do that. May depend on storage requirements, etc. We haven’t discussed extensively.

Practice Issues

COVID-19 Vaccine in Adolescents

<https://khn.org/news/>

COVID-19 Vaccine for Adolescents

- Clinical question: patient in need of MCV#2 but also needed COVID-19 #2 – how to address timing?
 - (from Bill Raszka, MD): my bias is that the COVID timing should take priority. Unless the vaccine is needed for urgent care (such as a tetanus shot after a deep wound), would schedule routine vaccinations so that they are **given either at least two weeks before a COVID vaccine or at least two weeks after a COVID vaccine.**
 - May result in additional visits, but if counseling for the vaccination has already been done during the health supervision visit, the patient could simply return for the routine vaccination without a physician visit at that particular time.
 - There is always the risk that we will have some difficulty getting the patient back for the vaccine – but these vaccines are not required for school entry and we have ample time to catch up.

-

COVID-19 Vaccine for Adolescents

- Requesting your feedback: are you eager to provide COVID-19 vaccine in your office?
- Are you aware of storage and handling requirements and, if so, is your practice prepared to follow these?
- What resources would you need to administer COVID vaccine in your practice?
- Note: AAP COVID-19 web site has many current resources:
<https://services.aap.org/en/pages/2019-novel-coronavirus-covid-19-infections/covid-19-vaccine-for-children/>
 - ▣ Implementation in pediatric practices; FAQs; what pediatricians can do now; getting paid.

J & J Vaccine – Venous Sinus Thrombosis with Thrombocytopenia

Save the Date!

- What? **Child maltreatment conference**
- Who? **James Metz, MD MPH** & other expert speakers
- When? **April 29**, 8 am – 12:15 pm via live stream
- How? **Register at:**

<http://campaign.r20.constantcontact.com/render?ca=3cdb8290-cfe5-4dbb-b73b-29ecabed13f0&preview=true&m=1130384660698&id=preview>

**Recognizing and Responding to Child Maltreatment
Promoting Child Abuse Awareness in VT Conference**

**Thursday, April 29, 2021
8:00am -12:15pm
LIVE STREAM**

This conference will help the professional to recognize sentinel injuries, sexual abuse and neglect. Participants will learn about the mental health implications of trauma and abuse and will learn strategies for effective reporting.

James Metz, MD, MPH - Course Director

Assistant Professor, Pediatrics
Division Chief, Child Abuse Medicine
UVM Larner College of Medicine

*"Recognizing Sentinel Injuries" and
"Child Neglect"*

Save the Date: Friday, June 4, 2021

Course Director
David C. Rettew, M.D.

Join us virtually for the 14th Annual Child Psychiatry in Primary Care Conference, featuring faculty from UVM and the community.

Topics this year include:

- Assessing Risks After School Violence Threats
- Mental Health Care Needs in Primary Care
- Child Psychiatry in the Emergency Department
- Integrated Care Forum
- Praising and Overpraising
- Post COVID Mental Health
- Anxiety Disorders
- Motivational Interviewing Techniques
- Social Media Use and Mental Health

Questions/Discussion

- ❑ Q & A Goal: monitor/respond in real time; record/disseminate/revisit later as needed.
- ❑ **For additional questions, please e-mail: vchip.champ@med.uvm.edu**
 - ❑ **What do you need** – how can we be helpful (specific guidance)?
- ❑ **VCHIP CHAMP VDH COVID-19 website:**
https://www.med.uvm.edu/vchip/projects/vchip_champ_vdh_covid-19_updates
