

VCHIP / CHAMP / VDH COVID-19 UPDATES

Wendy Davis, MD FAAP - Senior Faculty, Vermont Child Health Improvement Program, UVM
Breena Holmes, MD FAAP – VCHIP Senior Faculty & Physician Advisor, MCH Division, VDH
May 14, 2021

Technology Notes

- 1) All participants will be muted upon joining the call.
- 2) If you dialed in or out, **unmute by pressing #6** to ask a question (and press *6 to mute).
If you are having audio difficulties and are using your computer speakers, you may wish to dial in:

Call in number – 1-866-814-9555

Participant Code – 6266787790

Presenters: Please avoid the use of speakerphone and make sure your computer speaker is muted if you dialed in via phone.

- 3) To ask or respond to a question using the **Chat** box, type your question and click the  icon or press Enter to send.

Overview

- Celebrating **COVID-19 Vaccine Rollout to 12 – 15 year olds!**
 - Also International Dylan Thomas Day: anniversary of the first reading of *Under Milk Wood* at The Poetry Center, NYC (May 14, 1953)
 - Some phrases that resonate (?): “town of ghosts,” the drag of time “in the hourless houses,” the sickness of those “cast to plague,” “the antiseptic funeral” from “under the mask.” (<https://www.discoverdylanthomas.com/news-events/international-dylan-thomas-day>)
- Reminder – weekly event schedule:
 - **VCHIP/CHAMP/VDH calls: M/W/F**; Gov. Media Briefings Tues/Fri; VMS call with VDH Comm. Levine Thursday
- Situation, VDH, **CDC**, AAP updates; Friday Media Briefing
- Practice Issues: **Vaccine rollout; new CDC Interim Guidance** (5/13)
- Q & A/Discussion

[Please note: the COVID-19 situation continues to evolve very rapidly – so the information we’re providing today may change quickly]

Scheduling Notes

Currently *NOT* planning to hold calls on:

- ❑ Friday, **May 21**, 2021
- ❑ Friday, **May 28**, 2021
- ❑ Monday, **May 31**, 2021 (Memorial Day)
- ❑ Friday, **June 4**, 2021 (Annual Child Psychiatry in Primary Care Conference – please register!)
- ❑ Wednesday, **June 9**, 2021 (Narkewicz Visiting Professor)
- ❑ Considering dropping to 1 – 2 days/week this summer; then continuing with frequency TBD in the fall – perhaps to include new/different topics?
- ❑ Please send us your thoughts/feedback: vchip.champ@med.uvm.edu

VERMONT FORWARD

ROADMAP TO REOPENING

Note: moving to **Step 3** later today as announced at Governor's Media Briefing this morning

Please refer to vermont.gov for complete guidance and additional details. Education and health care retain specialized guidance.

Note: All dates are subject to change.

STEP 1

VACCINATION PROGRESS (FIRST DOSE):
Vulnerable population substantially complete;
35–45% of all Vermonters; 45–55% of Vermonters 16+

Business Operations

4/9

Group A Sectors:
Move to required universal guidance

Cross State Travel

4/9

No quarantine required with negative test within 3 days of arrival in or return to the state

Masks and Physical Distancing

Required when in the presence of those outside your household.

APRIL

STEP 2

VACCINATION PROGRESS (FIRST DOSE):
50–60% of all Vermonters;
60–70% of Vermonters 16+

Business Operations

5/1

Group B Sectors:
Move to required universal guidance

Gatherings and Events

5/1

Indoor: 1 unvaccinated person per 100 sq ft up to 150, plus any number of vaccinated people
Outdoor: 300, plus any number of vaccinated people

Masks and Physical Distancing

Required when in the presence of those outside your household.

MAY

STEP 3

VACCINATION PROGRESS (FIRST DOSE):
60–70% of all Vermonters;
70–85% of Vermonters 16+

Cross State Travel

6/1

No quarantine or testing requirements

Gatherings and Events

6/1

Indoor: 1 unvaccinated person per 50 sq ft up to 300, plus any number of vaccinated people
Outdoor: 900, plus any number of vaccinated people

Masks and Physical Distancing

Required when in the presence of those outside your household.

JUNE

JULY 4

Business Operations

Universal guidance encouraged for all sectors

Gatherings and Events

No capacity restrictions

Masks and Physical Distancing.

Encouraged

JULY

This brief reflects data as of May 8, 2021 at 7 pm (the last complete MMWR week). All rates are calculated per 10,000 people. The 14-18 year old age group does not include college students. Data is preliminary and subject to change.

COVID-19 Cases Among Vermont's School-Aged Children

[Compare to data from week of 4/24/21: rates were 12.3/10K (HS), 11.5 (MS), and 13.4 Elementary School respectively]

Summary

By Age, Sex, Race, Ethnicity

By Age - Statewide

The percent of the statewide population of each age group that has received at least one dose of the vaccine

Age	%*
18 - 29	43.0%
30 - 39	64.1%
40 - 49	69.2%
50 - 59	74.9%
60 - 64	82.6%
65 - 69	90.3%
70 - 74	95.0%
75+	90.9%
Vermont	70.9%

By Sex - Statewide

The percent of the statewide population of each sex that has received at least one dose of the vaccine

Sex	%*
Female	74.1%
Male	66.3%
Vermont	70.3%

Sex information is missing for 0% of people vaccinated.

By Race - Statewide

The percent of the statewide population of each race that has received at least one dose of the vaccine

Race	%*
White	67.7%
Two or more races	52.0%
Pacific Islander	12.3%
Native American, Indigenous, or First Nation	23.8%
Black or African American	51.7%
Asian	63.3%
Vermont	67.0%

Race information is missing for 5% of people vaccinated.

By Race/Ethnicity and Age - Statewide

The percent of the statewide population of each race/ethnicity that has received at least one dose of the vaccine

Race*	16 - 64	65+	Total
BIPOC	55.7%	79.8%	58.3%
Non-Hispanic White	57.0%	85.6%	64.1%
Vermont	56.9%	85.4%	63.7%

Race/ethnicity information is missing for 9% of people vaccinated.

BIPOC refers to Black, Indigenous, and people of color.

By Ethnicity - Statewide

The percent of the statewide population of each ethnicity that has received at least one dose of the vaccine

Ethnicity	%*
Hispanic	71.4%
Not Hispanic	64.1%
Vermont	64.2%

Ethnicity information is missing for 14% of people vaccinated.

*Percentages reported as 95% here indicate >=95%. Values above 95% are suppressed to protect personal health information.

Updated 5/14/2021 8:33:43 AM

Vermont Vaccine Uptake: 16 – 17 y.o.

By Age - Statewide

The percent of the statewide population of each age group that has received at least one dose of the vaccine

Age	%*
16 - 17	23.4%
18 - 29	30.0%

May 14, 2021

Slay the Virus

On May 10, 2021, the [Food and Drug Administration](#) (FDA) issued an Emergency Use Authorization (EUA) for the [Pfizer-BioNTech COVID-19 Vaccine](#) for use in adolescents ages 12-15 years. On May 14, CDC's [Advisory Committee on Immunization Practices](#) (ACIP) issued an [interim recommendation](#) in support of the EUA for the prevention of COVID-19 in adolescents ages 12-15 years. Additionally, CDC recently announced that [fully vaccinated](#) people, including adolescents, no longer need to wear masks in most situations. These announcements come as many families are looking forward to summer plans, including [camp](#), [youth sports](#), and [travel](#). Authorization also comes as young people make up a rising proportion of new coronavirus [cases](#) in the United States.

Vaccinating adolescents is an important step toward stopping the spread of COVID-19. Yet, adolescent vaccination has been met with mixed reactions, with some parents eager to vaccinate their children against COVID-19, and others expressing hesitancy. Pfizer's COVID-19 vaccine was found to be [safe and effective](#) in adolescents between the ages of 12-15 years in clinical trials. [Side effects](#) were generally [consistent](#) with those experienced by people ages 16-25 years. Side effects are typically normal signs that the body is building protection against the virus that causes COVID-19.

5 Life more like normal

Home-Based Vaccine for CYSHN (join us 5/17 for more details)

- ❑ **Homebound Vaccination Program:** home health agencies & emergency medical services (EMS) offer in-home vax visits to eligible pts. unable to travel.
- ❑ **2-tiered approach** to assist CYSHN getting vaccinated at their residence:
 - ❑ **Tier 1 (preferred approach):** CYSHN patients identified by PCPs, HHAs, Specialty Providers & other health care organizations. Providers can request that a patient be added to the centralized vaccination list by emailing AHS.VDHHOCCommander@vermont.gov.
 - ❑ **Tier 2:** VDH will open existing **call center** for caregivers & self-advocates to request a visit; requests will be evaluated by VDH staff with expertise in working with CYSHN & directed to appropriate resources. If pt. qualifies for home visit, will be added to centralized vaccination list. If pt. does **not** qualify, will be directed to appropriate local vaccine clinic & if needed, care managers will share transportation resource information. (Note: call ctr. currently staffed by Medicaid chronic care nurses; CSHN staff will take over.)
- ❑ Encourage health care partners will screen & identify as many qualified patients as possible in lists that can be shared with vaccinating partners.

Friday Media Briefing (5/14/21)

Governor Phil Scott

- Already hit June 1 ***Vermont Forward*** target – so later today move into Step 3, >2 wks. ahead of schedule – thank you, Vermonters!
- No more testing required for travel; capacity limits increase in/outdoors
- Gathering: 1 unvax/50 SF; up to 300 indoors & 900 outdoors; any #vaccinated in both.
- Later today, extend Executive Order X one month: update mask mandate to follow CDC updated guidance. Fully vax no mask in & out; no concern w/physical distancing. *“Based on science & data.”*
- Ok to be uncomfortable/hesitant. ***But if fully vax, very little risk.***
- If **not** fully vaccinated, continue mask mandate.
- VT will receive addtl. 5K Pfizer next wk. (new federal reallocation prog)

Friday Media Briefing (cont'd.)

AOE Secretary Dan French

- ❑ Setting up vax clinics for 12-15 yo; many at school sites.
- ❑ AOE has model letters, vax info for families. Walk-in appts. available – consent may be provided in-person (parent may come in w/student; complete/sign & send in; vaccine clinic staff can obtain by phone.
- ❑ For questions, consult local pediatrician & health care professionals.
- ❑ Thank you peds & HCP community, school nurses for leadership. Role of SN is complex; ours are talented group who deserve gratitude/appreciation.
- ❑ Survey of learning modes: April – 11% overall remote, 35% full IP, 54% hybrid; IP incr. by 3% vs. March (esp. HS); elem. 50%; MS 4% incr.
- ❑ HS had largest incr. Mar-April: IP doubled 17% (prob. change in dist. related)
- ❑ Expect to publish **fall guidance** later this month; prepare for **full IP learning.**

Friday Media Briefing (cont'd.)

AHS Secretary Mike Smith

- 12 – 15 y.o. registration: >10,300 have made appointments.
- Consent *is* needed: register online or call 1-855-722-7878.
- Doses available for walk-ins at most sites; parent must consent
- **AAP-VT** hosting series of virtual forums to discuss vaccine in adolescence & answer questions; includes VDH School Liaisons
- Two sessions last night were well-received
 - ▣ Find list at VDH web site or **AAPVT.org**
- *“Pediatricians are thrilled that more patients & families are able to be vaccinated and are ready to help in any way they can!”*

Friday Media Briefing (cont'd.)

AHS Secretary Mike Smith

Special vaccine clinics:

- ❑ May 15: Route 100 “barnstorming”; May 20 North Beach, BTV (walk-in); EMS clinics, including May 22 Church St. (BTV)
- ❑ 66 clinics hosted in schools: healthvermont.gov/myvaccine
- ❑ Families w/children will be eligible for **any site** offering Pfizer vaccine; all sites open to public.
- ❑ Special sites for restaurant, hospitality workers (J & J, walk-in) – e.g., restaurants, ski areas, etc.
- ❑ You will find the atmosphere “festive.”

Vaccine Clinics (cont'd.)

- In partnership with the Vermont Chamber of Commerce and Vermont Department of Tourism and Marketing, VDH will host walk-in COVID-19 vaccine clinics for restaurant, hospitality, and tourism workers over the next week.
- Initial wave of clinics at seven locations, with each site offering J & J vaccine for hospitality workers on a walk-in basis. Clinics will be staged at restaurants, lodging properties, ski resorts, and other tourism attractions in an effort to bring the vaccine directly to the workers of this sector.
- The first wave of clinics will be in Waterbury, Middlebury, Woodstock, Waitsfield, Windsor, South Burlington, and Warren. To see all dates, times, and locations for these hospitality worker vaccine clinics, please visit <https://accd.vermont.gov/vaccine>.
- More than a dozen additional clinics, including in Rutland, Killington, Stowe, and Vergennes are being planned now & will be added as details are confirmed.

Friday Media Briefing (cont'd.)

VDH Commissioner Levine

- VT case rate 64.7/100K vs. natl. average almost 74.7/100K.
- May 13: for first time since Nov., UVM MC had **no** COVID patients.
- VT will follow new CDC guidance announced yesterday.
- 3 main reasons: studies show vaccines effective in real-world settings; proven effective against variants circulating in U.S.; if you are vaccinated, less likely to spread.
- Points to confidence in vaccines: **“vaccination = protection”**
- Exceptions: not healthcare settings (e.g., hosps., LTCFs); children too young/their schools; some immunocompromised; corr. facilities, homeless shelters, public transportation & where required by federal/tribal/local laws.
- **“Reentry anxiety”** – don’t judge those not comfortable w/close proximity or going maskless.

Friday Media Briefing (cont'd.)

VDH Commissioner Levine

- ❑ ACIP recommended FDA EUA for 12 – 15 yo (5/12/21)
- ❑ VT moved quickly to open registration yesterday: clinical trial data shows vaccines safe/effective in this age group.
- ❑ **AAP-VT** hosting public forums timed to precede vaccine clinics.
- ❑ Listen to those pediatricians w/adolescents in their own households – pediatricians spend much time helping keep kids well w/many tools, include vaccination.
- ❑ >4K VT children/adolescents tested positive since onset pandemic.
- ❑ Urge parents to talk to children re: vaccine ahead of time.
- ❑ ***“Thank you pediatricians, family practitioners, all HC colleagues.”***

Practice Issues

CDC Updated Interim Public Health Recommendations for Fully Vaccinated People

CDC Updated Interim Public Health Recommendations for Fully Vaccinated People (May 13, 2021)

Key Points

- ❑ Recommendations apply to **non-healthcare settings**.
- ❑ Fully vaccinated people can:
 - ▣ Resume activities without wearing masks or physically distancing, except where required by federal, state, local, tribal, or territorial laws, rules and regulations, including local business and workplace guidance
 - ▣ Resume domestic travel and refrain from testing before or after travel or self-quarantine after travel
 - ▣ Refrain from testing before leaving the United States for international travel (unless required by the destination) and refrain from self-quarantine after arriving back in the United States
 - ▣ Refrain from testing following a known exposure, if asymptomatic, with some exceptions for specific settings

CDC Updated Interim Public Health Recommendations for Fully Vaccinated People (May 13, 2021)

Key Points (cont'd.)

- ❑ Recommendations apply to **non-healthcare settings**.
- ❑ Fully vaccinated people can:
 - ▣ Refrain from quarantine following a known exposure if asymptomatic
 - ▣ Refrain from routine screening testing if feasible
- ❑ For now, fully vaccinated people should continue to:
 - ▣ Get tested if experiencing COVID-19 symptoms
 - ▣ Follow CDC and health department travel requirements and recommendations
- ❑ Find guidance at: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated-guidance.html>

CDC: Choosing Safer Activities

NOW! (5/13/21)

	Unvaccinated People	Examples of Activities	Fully Vaccinated People
		Outdoor	
Safest		Walk, run, wheelchair roll, or bike outdoors with members of your household	
		Attend a small, outdoor gathering with fully vaccinated family and friends

CDC COCA Call – *Today!*

Objectives:

- Cite background information
- Describe CDC's role in this topic
- Describe topic's implications for clinicians
- Discuss concerns and/or issues related to preparedness for and/or response to urgent public health threats.
- Promote health improvement, wellness, and disease prevention in cooperation with patients, communities, at-risk populations, and other members of an interprofessional team of healthcare professionals.

What Clinicians Need to Know About Pfizer-BioNTech COVID-19 Vaccination

Friday, May 14, 2021

Time: 2:00 PM-3:00 PM ET

COVID-19 and Health Equity

[Ensuring Equity in COVID-19
Health and Education Policy](#)

Upcoming Presentation: Tuesday, May 18; 2:30 pm ET:

- Welcoming two special guests for a discussion on COVID-19 and schools.
 - ▣ **Dr. Bechara Choucair**, White House Vaccinations Coordinator, will provide an update on the national COVID-19 vaccination effort & the role schools can play in vaccine distribution & surveillance efforts.
 - ▣ **Mayra Alvarez**, President, The Children's Partnership Member, Biden-Harris COVID-19 Health Equity Task Force, will discuss health disparities related to COVID-19 & highlight how states improve equity in health & education.
- Register at: <https://healthyschoolscampaign.org/change-for-good-forums/registration/>
- *Thank you, Nate Waite!*

Tuesday, May 18
1:30 pm CDT

From Our Colleagues at UVM HN VNA Home Health & Hospice

- ❑ Week-long virtual event to **support the McClure Miller Respite House**
- ❑ Fun Run/Walk is annual fundraiser to benefit end-of-life care: this year a week-long virtual fundraiser from Friday, May 7 – Friday, May 14.
- ❑ You are invited to engage in a wellness activity of your choice while raising crucial funds for the Respite House by reaching out to family and friends. It's easy and fun to join in! Register at: <https://www.uvmhomehealth.org/event/run-2/>
- ❑ Also welcome anyone to participate by making a gift to the Fun Run.
- ❑ Top fundraisers will receive a swag prize pack; anyone who posts to social media using the hashtag **#VTRunsforRespite** entered to win great prizes. Most important: every dollar raised will go right to work providing care for Vermonters.

- From VDH/MCH: ***Vermont 2-1-1 is ready and willing to help families navigate finding summer program***
- Recorded Summer Ambassador Webinar (from last week) is available for viewing: <https://youtu.be/guhz6pKSXDk>
- Visit the web site: resources for families & highlights of the summer health guidance for programs.

Save the Date: Friday, June 4, 2021
