Subject: Are you interested in some community outreach regarding advance care planning?

Dear UVM medical students,

Dr. Claudia Berger, Dr. Zail Berry and I have been a part of the following Community Impact Grant "Who's your person...What's Your plan?"

We have been giving presentations in the community to groups regarding ACP.

We are seeking interested parties to deliver advance care planning presentations (including facilitated discussions of "Being Mortal" screenings) to businesses and community groups in Chittenden & Grand Isle Counties.

We will provide a training, PowerPoint presentation and materials. Once trained, you would be added to our list of facilitators and notified of presentation needs as they arise. Our goal is to have 2 facilitators (a lead and a partner) per presentation.

Here is the link to the recent blog post for UVMHC regarding our initiative:

<https://medcenterblog.uvmhealth.org/community/advance-care-planning>. This page provides a thorough overview of our project, for those who may be interested in joining our network of facilitators, scheduling a presentation, etc. (in addition to www.takingstepsvt.org).

If you are interested in joining us please contact Sarah Brown via her above e-mail.

if you have any questions, please also do not hesitate to contact either of us.

Thank you for considering!

Marie
