

**REQUEST FOR
APPLICATION:**

*I-Trep One-to-one Consulting
Service
2017-2018*

For You: Faculty and Postdoctoral Fellows

Continuing with our mission to promote success in biomedical entrepreneurship, the [I-Trep program](#) offers individual one-to-one consulting with experts to assist you with commercializing your innovation.

Assistance is available for, but not limited to, the following areas:

1. SBIR/STTR Phase I submission or resubmission
2. SBIR/STTR Phase II submission or resubmission
3. Setting up and managing your startup
4. Reaching potential investors

Request for this consultant service is available year-round. The request will be submitted to the I-Trep administrative office where it will be discussed by the Steering Committee. If selected, the I-Trep program will put you in contact with an expert to help you with your topic of interest. The I-Trep program will cover the consultation fee.
