

Molly H. Bumpas, MEd, CCC/SLP, BCBA

Clinical Assistant Professor

Department of Communication Sciences and Disorders

Master of Education, Speech-Language Pathology, University of Virginia

Board Certification in Applied Behavior Analysis, University of North Texas

Molly is a clinical associate professor in the Department of Communication Sciences and Disorders. She serves on a multidisciplinary team in the Autism Assessment Clinic within the Vermont Center for Children, Youth and Families. She also teaches an intensive caregiver training program for families with young children on the autism spectrum.

Before coming to UVM, Molly worked in the field of autism in varying capacities. She served on an Autism Clinical Team in South Burlington Schools for ten years providing consultation and training. Most recently she was a Program Director at S^D Associates where she started an early intensive behavior intervention program. Areas of interest include interprofessional practice in autism treatment as well as evidence based practices in autism early intervention.
