

# Multisystem Inflammatory Syndrome in Children (MIS-C) Associated with Coronavirus Disease 2019 (COVID-19)

*You may participate in this COCA Call via Zoom or Facebook Live*

## Overview

During this COCA call, clinicians will learn about the clinical characteristics of multisystem inflammatory syndrome in children, how cases have been diagnosed and treated, and how clinicians are responding to recently reported cases associated with COVID-19.

If you are unable to attend the live COCA Call, the recording will be available for viewing on the [COCA Call webpage](#) a few hours after the live event ends. It will be available for viewing on [COCA's Facebook page](#) immediately after the live event ends at 3:30pm ET.

The slide set will be available under the "Call Materials" tab on the [COCA Call webpage](#).

 Due to the high demand we anticipate for this COCA Call, we encourage

**Date:** Tuesday, May 19, 2020

**Time:** 2:00pm-3:30pm (ET)
