Dear Colleagues,

We are writing to clarify that *all* referrals to the Vermont Department of Health, Child Development Clinic (CDC), should now be directed to the central intake for Vermont's Developmental Evaluation Programs, the single, integrated point of referral for CDC, UVMDC Developmental Behavioral Pediatrics, and the Autism Assessment Clinic at VCCYF. All incoming referrals are reviewed by the intake team to consider the best steps for the evaluation of the child's developmental needs.

Referrals for developmental evaluations for Child Development Clinic, UVM Developmental Behavioral Pediatrics, and VCCYF Autism Assessment Clinics, should be directed to:

The Intake Team
