THIS WEEK - Match Week is March 13 - March 17!

Match Week is almost upon us! Check out some of the #match2017 events/opportunities/info lined up:

- **The third annual Match Challenge is ON!** The UVM Foundation has a goal to attract 800 donors by Match Day, March 17. The reward for meeting this goal? A new \$50,000 scholarship endowed by alum Anand Parthasarathy, M.D.'02. We need your participation! Gifts of any amount count towards this important goal and more financial support for medical students of today, so please share this link: go.uvm.edu/matchchallenge – with family and friends via social media and encourage them to give! [#uvmlarnermed](#) [#uvmlarnermed](#) Contact [Hannah Burnett](#) with any questions.
- **Match Week on Social Media:** The AAMC, National Resident Matching Program (NRMP), and American Medical Association (AMA) would like to invite you to celebrate Match Week with us. Match Week for the 2017 Main Residency Match will take place March 13-17. Throughout the week, we encourage you to share congratulatory messages with photos and videos of students, faculty, and staff taking part in festivities by using #Match2017. You can follow the celebration on our joint #Match2017 [Tagboard](#) and [Storify](#) pages. The AAMC will also be creating a YouTube playlist of Match Day videos and a Facebook album with photos from across the country. Please send your content to Stephanie Weiner at sweiner@aamc.org. Last year #Match2016 was a top trend on Twitter on Match Day. Our best wishes for a successful Match Week!
- **Match Day Viewing Celebration:** AAMC staff are preparing for our annual Match Day viewing celebration! On Match Day, staff will gather in a conference room wearing their alma mater gear to learn more about the match, watch webcasts of match ceremonies around the country, eat cake, and otherwise share in the celebration. We will be alternating webcasts to witness the varied Match Day ceremonies and special traditions. The Larner College of Medicine Live Stream link will be posted on the [OMSE Match Day webpage](#) as soon as it is available.
