

School Based COVID-19 Transmission (Students, Faculty, & Staff)

September 17, 2020

Data are preliminary and subject to change.

The data provided in the table below represent laboratory confirmed COVID-19 cases present and transmitted in Vermont K-12 schools. If a student, faculty, or staff member contracted COVID-19 outside of the school environment and was not present at the school during their infectious period, the case will not be counted in this table.

Data are accurate as of the date above. New information is learned through contact tracing and may change the counts presented in this table up or down as details emerge.
