UVM Cancer Center Research Program Meeting
Hosted by Host Factors and Tumor Progression (HFTP)

featuring
David Seward, PhD
Assistant Professor
Pathology and Laboratory Medicine

"Leveraging public data: Case studies in hypothesis generation and preliminary data acquisition"

HSRF 200
4:00 to 5:00 PM
Refreshments served

LCCRO Pilot Awards Announced

The UVM Cancer Center is pleased to announce two, recently awarded, Lake Champlain Cancer Research Organization (LCCRO) pilot projects:

Alissa Thomas, MD and Chris Holmes, MD, PhD
"Venous thromboembolism prevention in patients with malignant glioma"

Scott Morrical, PhD and Janet Stein, PhD
"Effect of Hodgkin Lymphoma-associated mutations in NPAT on HiNF-P/NPAT-dependent Histone Gene Expression at the GI/S Phase Restriction Point"

For more information about LCCRO funding, click here.

VTE-PACC Celebrates One Year and Positive Results

The VTE Prophylaxis in the Ambulatory Cancer Clinic or VTE-PACC program, begun in 2015 by the UVM Thrombosis and Hemostasis Program and Cancer Center, implemented a VTE risk assessment program for every patient starting chemotherapy.
December 2016

6  **Community Medical School:**
"Genomic Medicine in Vermont" featuring Debra Leonard, M.D., Ph.D., Professor and Chair of Pathology and Laboratory Medicine, and UVM Cancer Center member; 6-7:30 PM, Carpenter Auditorium, UVM College of Medicine.

13  **UVM Cancer Center Grand Rounds:** James DeGregori, PhD, Professor of Biochemistry and Molecular Genetics, University of Colorado, "Tissue Microenvironment and Cancer Evolution Within Us;" 8-9 AM, Reardon Classroom (Med Ed 300).

15  **UVM Cancer Center Research Program Meeting:**
Host Factors and Tumor Progression (HFTP); featuring David Seward, PhD: "Leveraging public data: Case studies in hypothesis generation and preliminary data acquisition;" HSRF 200, 4 PM.

January 2017

**National Cervical Health Awareness Month**

3  **UVM Cancer Center Grand Rounds:** ASH REVIEW; 8-9 AM, Reardon Classroom (Med Ed 300).

9  **UVM Cancer Center Member Retreat; UVM Davis Center 12**

High-risk patients were referred to blood clot specialists. The goals of the program include: 1) Decrease risk of VTE complications of chemotherapy, 2) Prevent unexpected hospitalization for patients receiving chemotherapy due to VTE, 3) Increase patient satisfaction and quality of life, and 4) Increase chemotherapy completion rate and decrease chemotherapy delays due to complications of clotting or bleeding.

After one year, the program has seen amazing results. Blood clots in patients starting chemotherapy are down from 12% to 3.8%.

Congratulations to the many people whose collaboration, innovation and dedication have contributed to the success of the program!

"Leveraging Public Data"
at HFTP Research Program Meeting Dec. 15
The UVM Cancer Center Host Factors and Tumor
PM to 5 PM. All UVM Cancer Center members are invited.

10 UVM Cancer Center Grand Rounds: Clinical Trial Training Part III, Claire Verschraegen, MD (mandatory for all clinical investigators); Med Ed 300, 8-9 AM.

February 2017
National Cancer Prevention Month

4 UVM Athletics Rally Against Cancer: Women’s Basketball, 2 PM vs. Hartford.

6 J. Walter Juckett Lecture featuring Douglas Lowy, MD, Acting Director of the National Cancer Institute; Davis Auditorium 12 to 1 PM.

6 UVM Athletics Rally Against Cancer: Men’s Basketball, 7 PM vs. Binghamton.

11 UVM Rally Against Cancer: Men’s Hockey, 7:05 PM vs. University of New Hampshire.

17 UVM Rally Against Cancer: Women’s Hockey, 7 PM vs. Merrimack.

May 2017
Cancer Research Month

David Seward, MD, PhD
Progression (HFTP) research program will host a joint meeting for all Cancer Center members on Thursday, December 15, 2016 at 4 PM in HSRF 200. The meeting is a chance for members of the HFTP program and others to gather for updates, share information, build collaborations and learn about member research. All Cancer Center members, and other interested researchers, are encouraged to attend.

The meeting will feature a talk by David Seward, MD, PhD, UVM Assistant Professor of Pathology and Laboratory Medicine. Dr. Seward will share a presentation titled, "Leveraging public data: Case studies in hypothesis generation and preliminary data acquisition."

Refreshments will be provided and attendance will be taken!

Director of NCI to Present Juckett Lecture: Feb. 6, 2016
15  SAVE THE DATE: 2017 Northeast Regional Genome Instability and Cancer Meeting; hosted by Dartmouth.
Questions: Arminja.N.Kettenbach@dartmouth.edu

Douglas Lowy, MD
Acting director of the National Cancer Institute (NCI), Douglas R. Lowy, MD, will be presenting a J. Walter Juckett Distinguished Lecture on Monday, February 6, 2017 from 12 to 1 PM in Davis Auditorium. Lowy will be at UVM to speak about his decades-long research on the papillomavirus. To learn more about Dr. Lowy or his research, click here.

Please be sure to save-the-date for this special visit!

Questions? Please email Jacqueline Lawler.

Annual Member Retreat: RSVP Required via Outlook

UVM Cancer Center members, please respond to the Outlook invitation for the annual member retreat on Monday, January 9th, 2017 from 12 PM to 5:00 PM at the UVM Davis Center. The meeting will include lunch and a reception at the conclusion. An RSVP (by responding to the Outlook invite) is required.

More information, including an agenda, will be provided in advance of the meeting!

Please send questions about the retreat to Jacqueline Lawler.
New Web Migration Complete for UVM Cancer Center

The UVM Cancer Center website has completed a web migration of its content at the College of Medicine. In the next day or two the site will have a different look. The entire site will be edited for both content and design over the next few months. Key content holders will be contacted for updates, but, if members see information that requires updating, or knows of content that should be added, please email Jacqueline Lawler.
Winter 2017 Rally Against Cancer Games Announced

UVM Athletics has announced the slate of Rally Against Cancer games for winter 2017, including Men's and Women's basketball and hockey. The games, also known as "pink games," are meant to raise funds and awareness for cancer research happening at the UVM Cancer Center.

Save the date to join the UVM Cancer Center and our community to Rally Against Cancer! Tickets will be available to UVM Cancer Center members and staff--stay tuned for an announcement in January.

- **Women's Basketball**: Saturday February 4th @ 2:00 p.m. vs. Hartford
- **Men's Basketball**: Monday February 6th @ 7:00 p.m. vs. Binghamton
- **Men's Hockey**: Saturday February 11th @ 7:05 p.m. vs. University of New Hampshire
- **Women's Hockey**: Friday February 17th @ 7:00 p.m. vs. Merrimack

UVM Women's Hockey Rallying Against Cancer
Publications and Announcements

*Please send announcements and publication notices to Sarah Keblin for inclusion in the eALERT and other promotional material*

**Announcements:**

Janet Stein, PhD and Jane Lian, PhD have been named as Fellows by the American Association for the Advancement of Science (AAAS). The 2016 Fellows were announced in the November 25th issue of Science.

**Publications:**

A complete list of extramural funding opportunities is available for review HERE.

UVM FUNDING:

SPARK-VT announces 2017 Awards: awards range from $20,000 to $50,000 and recognize innovative projects and ideas that have a high commercialization potential. Completed PDF applications must be emailed to sparkvt@uvm.edu no later than midnight, February 24, 2017.

EXTRAMURAL FUNDING HIGHLIGHTS:

The National Science Foundation (NSF) recently announced the Inclusion across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science, (NSF INCLUDES) Design and Development Launch Pilots. The University may put forward a single preliminary proposal for this competition. If you are interested in submitting a proposal for this award, please submit a Letter of Interest (LOI) via UVM's InfoReady Portal for Institutional Competitions at: https://uvm.infoready4.com/. The letter of interest (LOI) should be no more than 3 pages (excluding references) and should include a brief description of the proposed project and a statement about why you deem the proposal to be competitive for this competition. LOIs will be evaluated on the following criteria: 1) Intellectual Merit; 2) Broader Impacts; 3) Strength of the partnerships proposed; 4) Alignment.
with the program goals; 5) Innovation and; 6) Feasibility. The deadline for submitting letters of interest through the InfoReady Portal December 19, 2016 at 5:00 pm. Please direct questions to Hilda Alajajian at Hilda.Alajajian@uvm.edu or 656-1322.

The Damon Runyon Cancer Research Foundation offers the Clinical Investigator Award, a $450,000 three-year award developed in partnership with the National Institutes of Health (NIH) and the National Cancer Institute (NCI) to support early career physician-scientists whose focus is on the translation of basic science discoveries into practical therapies. Requirements include mentor or co-mentor from NCI or another NIH Institute and an 80% time commitment for patient-oriented research (including epidemiologic, outcomes & health services. This is a limited opportunity with an internal deadline of January 3, 2017. Please contact edward.north@uvm.edu if interested in applying.

The National Cancer Institute (NCI) announces the Predoctoral to Postdoctoral Fellow Transition Award (F99/K00) for 3rd or 4th year Ph.D. students. The F99/K00 funding opportunity provides up to 6 years of research support. The initial (F99) phase will provide support for 1-2 years of dissertation research (final experiments, dissertation preparation, and selection of a postdoctoral mentor). The transition (K00) phase will provide up to 4 years of mentored postdoctoral research career development support, contingent
upon successful completion of the dissertation degree requirements and securing a postdoctoral position (preferably in a different institution) for further research and career development training leading to research independence. There is no citizenship requirement for this award and F31 applicants and current awardees are eligible. This is a limited opportunity with an internal deadline of January 3, 2017. Please contact edward.north@uvm.edu if interested in applying. A single application from UVM will be due to NCI in mid-February 2017.

**Funding Opportunity Reminders**

Applications for the [Neuroendocrine Tumor Research Foundation / American Association for Cancer Research (AACR)](http://www.aacr.org) $250,000 two-year neuroendocrine tumor research grant are **due by 1:00 PM EST on December 13, 2016**. The award is available to junior or senior investigators engaged in basic, translational, clinical, or epidemiological cancer research who are pursuing new ideas and innovative approaches that have direct application and relevance to neuroendocrine tumors.

[Alex's Lemonade Stand Foundation (ALSF)](http://www.alexsmile.org) announces **2017 Epidemiology Grants**, two-year awards funded at $100,000 per year for researchers pursuing studies in human populations, using epidemiological approaches, in order to significantly contribute to the understanding of childhood cancers. Hypothesis-driven research may focus on risk factors, early detection, prevention, effectiveness and treatment...
outcomes. Applications are due on December 15, 2016.

## Ongoing Events

### Cancer Biology and Technology Seminar Series
- **Seminar Series** (an integrated part of the Biochemistry Seminar Series)
- Second Friday of each month at Noon, Given C443.

### UVM Cancer Center Grand Rounds
- 1st, 2nd, 3rd, 5th Tuesday 8-9am, MedEd 300

---

UVM Cancer Center Leadership:
- Gary S. Stein, PhD, Director
- Claire F. Verschraegen, MD, Deputy Director
- Kate Webster, CRA, Research Center Administrator
- Sarah Keblin, Communications Manager
