NURSE PRACTITIONERS IN VERMONT 2013 RE-LICENSURE SURVEY

Prepared by:
Mary Val Palumbo DNP, APRN
AHEC NURSING WORKFORCE, RESEARCH,
PLANNING and DEVELOPMENT
University of Vermont

PURPOSE

The UVM Area Health Education Center (AHEC) program conducts a biennial re-licensure survey of Vermont's Advance Practice Registered Nurses (APRNs), including Nurse Practitioners (NPs), in order to provide Vermonters, healthcare employers, educators and policymakers with useful information on the status of this important segment of the nursing workforce.

METHODS

The invitation to participate from AHEC and a paper survey were included in re-licensure materials sent out by the Vermont Board of Nursing to 593 APRNs licensed in Vermont as of January 1, 2013. A reminder postcard was sent at two weeks and a replacement paper survey was also mailed to all APRNs who did not initially participate at four weeks. A paper survey was also available at the Board of Nursing.

RESULTS

The survey was completed by 340 APRNs (57% response rate).

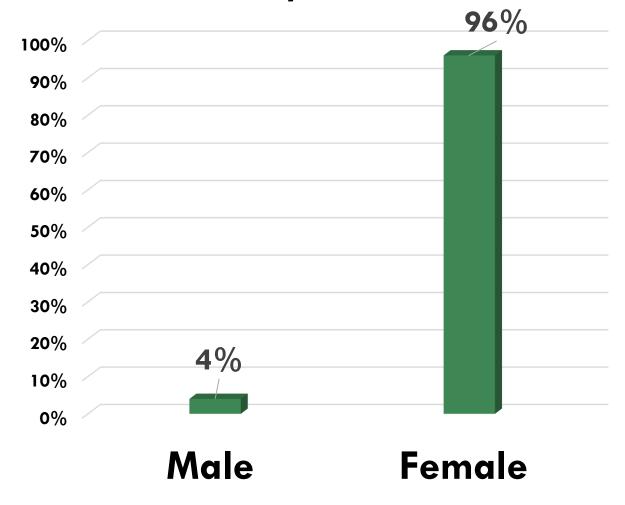

294 APRNs reported working in Vermont and 75% (231) were licensed as NPs and used in this analysis.

As of April 1, 2013 there were 575 APRNs with active licenses in the state of Vermont.

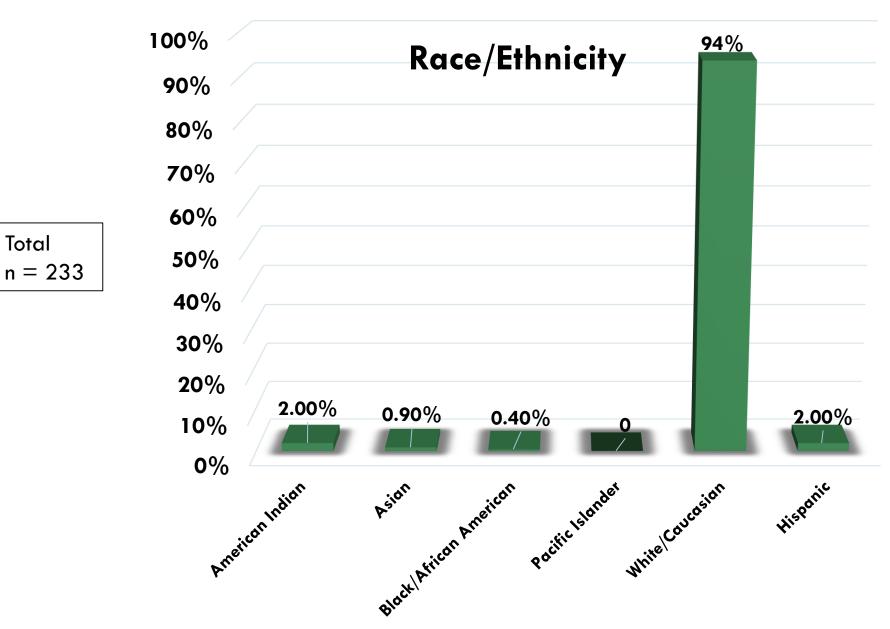

NP DEMOGRAPHIC INFORMATION

Total n = 231

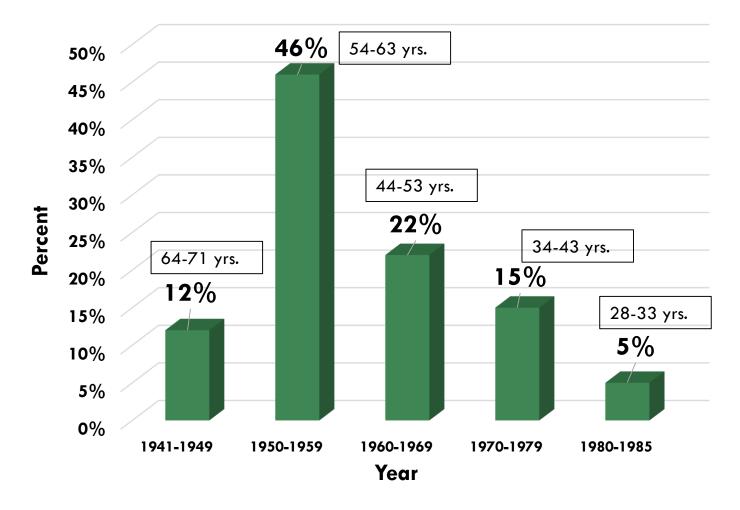

NP DEMOGRAPHIC INFORMATION

NP DEMOGRAPHIC INFORMATION

Birth Year

Mean age: 52 years

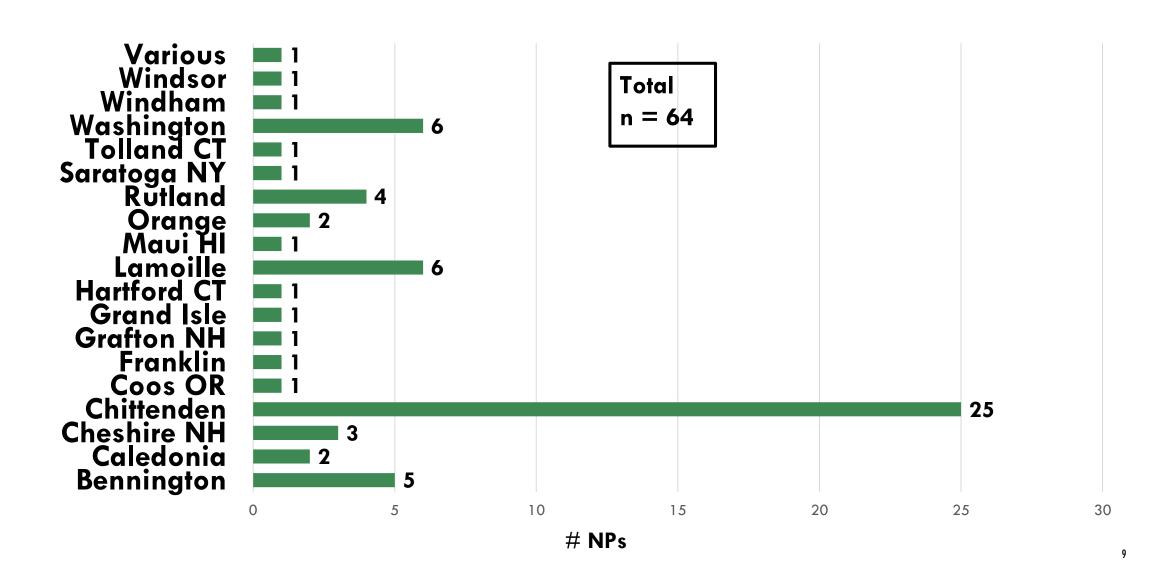

Vermont Counties of primary practice

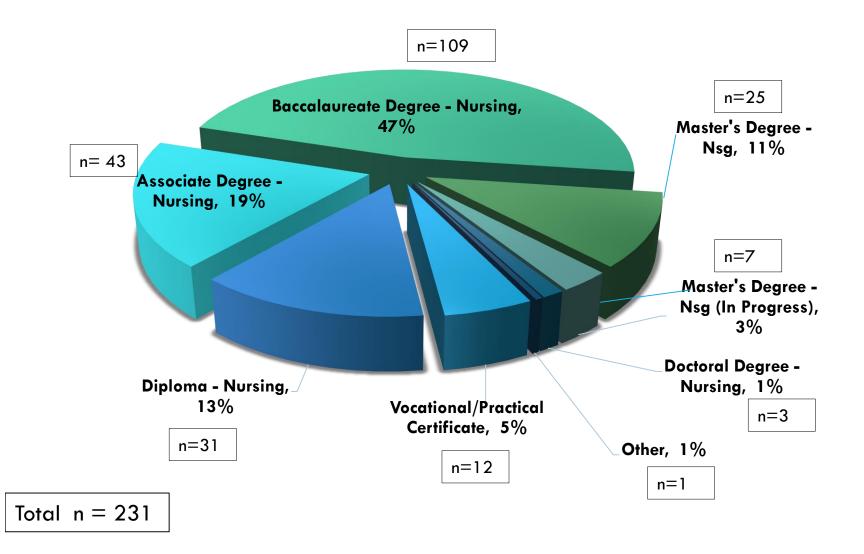

Total n = 224, (2 were not in VT)

County in Vermont	# NPs	Percent
Addison	6	3%
Bennington	11	5%
Caledonia	14	6%
Chittenden	86	38%
Franklin	9	4%
Lamoille	10	4%
Orange	13	6%
Orleans	4	2%
Rutland	18	8%
Washington	1 <i>7</i>	8%
Windham	1 <i>7</i>	8%
Windsor	15	7%
Various Northern VT	1	0.4%
Missing	7	3%
