# INSTRUCTIONS FOR MONITORING DEGREE PROGRESS

Advanced Integration level students are responsible for maintaining up to date schedules in Oasis that reflect all course requirements necessary to graduate. Please familiarize yourself with the related Advanced Integration Graduation Degree Requirements Policy in the Student Handbook and follow the step-by-step instructions below to monitor your degree progress.

1.   Log-in to Oasis and select the appropriate year (Student Level = Advanced Integration)

Select a year

After entering a year you may change years by using the "Reselect Year" button on the top of the page.

Please select a year before entering this section.

Course Requirements Report

Requirements Checklist

3.   The report will list all applicable course requirements and your progress toward fulfilling each. By January 1 of your graduation year, all Advanced Integration level course requirements must appear on your report as "Fulfilled" or "Scheduled." It is fine if grades are pending; although, all credits must be awarded prior to degree conferral.
