## Esting, Exercise & Body Image Continuum

This continuum represents the range of eating and exercise behaviors and attitudes towards food and body image. The goal is to function in the \*Concerned in a Healthy Way\* category, which reflects good physical and emotional health. Throughout life, many people move in this continuum due to many factors such as family, culture, friends, school, sports, health, finances, the media, etc. No matter where you fit, there are resources for you.
