

Presented by UVM Integrative Health
Hosted by the University of Vermont College of Nursing and Health Sciences

April 7 Integrative Pain Management Conference

National Experts, Local Focus

Learn the basics
and the latest

8:00 AM – 5:00 PM | APRIL 7, 2018
DAVIS CENTER | UNIVERSITY OF VERMONT

Target Audience:

All healthcare professionals are welcome! This conference is specifically designed to meet the needs of an interdisciplinary healthcare community. Let's learn from the experts and one another!

Objectives:

- Provide an engaging conference offering didactic and experiential sessions to support providers in offering integrative pain management to their patients
- Give providers take-home documentation on the evidence-base for a wide array of complementary health care modalities
- Provide opportunities to observe and/or experience integrative healthcare techniques
- Provide opportunities for inter-disciplinary networking

What Will Happen:

In this daylong conference attendees will:

- Hear keynote addresses from experts in the VA, Dept. of Defense and civilian health care
- Network with colleagues across disciplines; meet new referral partners in your area
- Learn what others are doing to get integrative care covered
- Learn how to help patients unlearn pain
- Receive or observe a demo of acupuncture, massage, yoga, Feldenkrais and more
- Choose from over 20 sessions to create a day that meets your needs...including sessions on nutritional pain management, non-opioid pharmaceuticals for pain, inter-disciplinary case reviews, the role of fascia in pain and pain management, pediatric pain, and more.

Registration:

Fee includes full day all conference demos, breakfast, refreshments, and lunch.

- \$175 Physicians (DO & MD)
- \$115 Other Healthcare Professional
- \$115 Non-Healthcare Professional
- \$40 Students
