Family Medicine Grand Rounds  
Presented by: The University of Vermont Medical Center, Family Medicine  
University of Vermont, College of Medicine  
8:00 – 9:00 AM Davis Auditorium  
Monday June 5, 2017  
Workshop # 17-101-39  
* “CMS’ Value Based Purchasing, Innovation and Health System Transformation, and what physicians need to know about the MACRA 2017 Medicare Quality Payment Program for clinicians”  
Richard E. Wild, MD, JD, MBA, FACEP  
Chief Medical Officer, Atlanta Regional Office  
Centers for Medicare and Medicaid Services (CMS)  
Sam Nunn Atlanta Federal Center  
This is a presentation you won’t want to miss. Dr. Richard Wild is a ‘must see’ presenter. His presentation at last year’s National Conference for the Association of Clinical Documentation Improvement received a standing ovation. He has the gift of making complex and transformative information about health payment understandable and actually interesting. Besides being Board Certified in Emergency Medicine by the American Board of Emergency Medicine and a Fellow of the American College of Emergency Physicians, Dr. Wild has taught emergency medicine, health policy and legal medicine to resident physicians and medical students and has served as President of the Rhode Island College of Emergency Physicians, Chairman and Member of several American College of Emergency Physicians (ACEP) and American Medical Association (AMA), National Committees dealing with government affairs, coding, and physician reimbursement. He is the Medical director of Medicare’s direct fiscal intermediary in Baltimore and also CMS (then HCFA) Chief Medical Officer for reimbursement policy during the initial implementation the Hospital Prospective Payment (DRG) system. He subsequently served on the Medicare Prospective Payment Assessment Commission staff (now MedPac). You can watch Dr Wild in person at Davis Auditorium, or live stream him from your desktop computer. Get ready to be inspired and informed about myriad aspects of our healthcare delivery systems and reimbursement reform  
Monday June 12, 2017  
Workshop # 17-101-40  
* “Zika Virus and the Challenges with the Virus”
