

## COM Student Activities Calendar

Did you know all events and deadlines we run in the WeeklyWire are also posted to our "COM Student Activities Calendar"? Moreover, anyone within our community can post to the activities calendar? Simply create the event on your personal calendar and invite "COM Student Activities Calendar" (it's in the Global Address Book) to your event; please be sure to include event details and a primary contact person should anyone have questions about your event.

IN ADDITION, you can subscribe to the "COM Student Activities Calendar": So you always have access to the latest and greatest event content. To do so, hold down (or "right-click") and copy this link (the subscribe link) to your clipboard **(DO NOT CLICK THE SUBSCRIBE LINK IF IT PRESENTS AS A HYPERLINK - IT IS A TRAP! - Only copy the link to your clipboard)** and then follow the linked instructions for your device:

- [Subscribe to the calendar with another device \(see "using a link" instructions\) >>](#)

When you subscribe to a calendar, you can control whether or not you receive alerts on events and whether or not you can see it, so the information is only there if/when you would like to review the daily activities. You can access additional event details by pulling up the event on your phone and exploring the event notes. Please feel free to contact [Student Services](#) if you have any additional questions, or if we can be of further assistance.
