	<p>Hernias <i>Surgical Case Conference</i> Dr. Hernandez 3pm, Greystone 3</p>			

Learning Type	Remote Participation
Surgical Case Conference	Surgical case conferences employ a “flipped classroom” model: Materials are distributed prior to the conference for review (along with a Skype link), and all students contribute actively in discussion. Students should also register a free socrative.com account and come with a web-linked device.
Grand Rounds	Students at EMHS sites will have a teleconference room booked for them to attend grand rounds. Students at non-EMHS sites will be accommodated in a similar manner if the site has the requisite telecommunication platform and technology available.
Pediatric Lecture	Pediatric lectures are available via a Skype link distributed to interested students.
