Subject: Advertisement for the Weekly Wire

Please add the following ad to the Weekly Wire next week:

Are you interested in improving your neurological examination skills or in mastering how to diagnose and treat stroke, epilepsy and other common neurological disorders? If you are interested in the field of Neurology, the month of September is now open for an elective rotation as a Neuro AI within the Department of Neurological Sciences. If you are interested, please contact Jennifer Provencher, Neurology Clerkship Coordinator, at 802-656-4675.

Jennifer L. Provencher
Neurology Clerkship Coordinator/Acting Internship Coordinator
