

Larner College of Medicine
 2023 Postdoctoral Trainee
 Poster Showcase
 Given Courtyard

<p>Janine Warren, Ph.D. Biochemistry</p>	<p>“MANCR - A Long Noncoding RNA, Promotes and Stabilizes Triple Negative Breast Cancer”</p>
<p>Deena Snoke, Ph.D. Med- Cardiovascular Medicine</p>	<p>“Adipose tissue wasting is an early event in a novel model of lung cancer cachexia “</p>
<p>Debora Kamin Mukaz, Ph.D. Med- Hematology Oncology</p>	<p>“Residential segregation and hypertension risk in Black and White Americans”</p>
<p>Rebekah Honce, Ph.D. Med- Pulmonary Disease and Critical Care Medicine</p>	<p>“Host and viral determinants of arenavirus pathogenesis”</p>
<p>Brandon Bensel, Ph.D. Molecular Physiology and Biophysics</p>	<p>“Kinesin Vesicular Transport Through 2D and 3D Microtubule Intersections”</p>
<p>Colleen Kelly, Ph.D. Molecular Physiology and Biophysics</p>	<p>“Examining the Mechanisms of Myosin Exchange within Cardiac Muscle”</p>
<p>Hend Abdelhamid, Ph.D. Pathology and Laboratory Medicine</p>	<p>“A potential Impact of S-glutathionylation on Collagen Degradation in Lung Fibrosis”</p>
<p>Maria Noterman-Soulinthavong, Ph.D. Pharmacology</p>	<p>“Microvessel metabolic preferences regulate cerebral blood vessel tone”</p>
