## December 7, 2020

Dear Colleagues,

Please join us for our next VCHIP/AAP/AAFP/VDH call on Wednesday, **December 9, 2020 from 12:15 to 12:45 PM** (see detailed call information below). We will continue to discuss testing, school issues and the latest mitigation guidance. This Friday (12/11) we will hear from Brenda Gooley, DCF-Family Services Operations Director, and Dr. James Metz, UVM Medical Center/Children's Hospital Child Protection Team, about Vermont child abuse and neglect data and interventions during this difficult time. We hope that you are able to join our calls this week.

Thank you so much to our presenters today from the VDH Immunization Program, Christine Finley, APRN, MPH, Program Manager, and Merideth Plumpton, RN, Nurse Program Coordinator, for providing the most current information on Vermont's proposed COVID-19 vaccine allocation plan. We will continue to provide vaccine updates as they become available.

Lahiri, MD, Director of Pediatric Pulmonology at UVM Children's Hospital, to discuss the updated asthma care guidelines. We also will continue to follow the vaccine story very closely and hope that you are able to join us!

In our efforts to address continued disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. We are now including links to **new** events only; please find previous listings (including call recordings, slides and Q & A summaries) at our CHAMP COVID-19 call landing page: [https://www.med.uvm.edu/vchip/projects/vchip\\_champ\\_vdh\\_covid-19\\_updates](https://www.med.uvm.edu/vchip/projects/vchip_champ_vdh_covid-19_updates). Please continue to contact us via [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu) with your comment, feedback, or concerns.

Thank you so much to our presenters today, Brenda Gooley, DCF-Family Services Operations Director, and Dr. James Metz, UVM Children's Hospital child abuse pediatrician, on Vermont child abuse and neglect data and interventions during this difficult time. We will post resource information related to this presentation on our website.

## December 28, 2020

Dear Colleagues,

Please join us for our next VCHIP/AAP/AAFP/VDH call on Wednesday, **December 30, 2020 from 12:15 to 12:45 PM** (see detailed call information below). Many thanks to Dr. Tim Lahey, UVM MC Infectious Disease Physician and Director of Clinical Ethics for a wonderful presentation today on the Ethics of COVID-19 Vaccine Allocation and Distribution, and to all of you for excellent questions and discussion. For Wednesday's call we anticipate a vaccine update from VDH Immunization Program Manager Christine Finley and will provide available updates on vaccine for community providers and practices.

**REMINDER: we will not have a call this Friday (1/1/21).** We plan to resume our M/W/F call schedule next week, beginning on January 4. Please contact us with any comments or feedback.

We continue to follow guidance from the LCOM IT department to limit attachments and links. We are now including links to **new or updated** events/resources only; please find previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## January 4, 2021

Dear Colleagues,

Please join us for our next VCHIP/AAP/AAFP/VDH call on Wednesday, **January 6, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will continue to discuss vaccine delivery, testing, school issues, and the latest mitigation guidance. Based on current knowledge that pregnant women are at an increased risk for severe illness from COVID-19, we also are inviting our OB/Perinatal colleagues to join us when able to do so. We hope to “see” you on Wednesday!

**Our remaining VCHIP/AAP/AAFP/VDH calls this week** are Wednesday (1/6) and Friday (1/8). Please contact us with any comments or feedback about this schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. We are now including links to **new or updated** events only; please find previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## February 5, 2021

Dear Colleagues,

Please join us for our next VCHIP/AAP/AAFP/VDH call on Monday, **February 8, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We have a lot planned for next week's calls! We will hear from Let's Grow Kids about their latest legislative proposal to improve access to and the affordability of high-quality child care and from Dr. Becca Bell and Stephanie Winters about the AAP-VT and Vermont Medical Society response. We will also continue to discuss the latest information on the virus, vaccinations, and schools, including details of the updated guidance for school and youth league sports. We hope that you can join us.

Our **VCHIP/AAP/AAFP/VDH** weekly call schedule is M/W/F. **Our calls next week are on Monday (2/8); Wednesday (2/10); and Friday (2/12).** Please contact us with any comments or feedback about this schedule.

We are sorry that Adobe Connect's transition to a Flash-free architecture has created connection problems for some of you. We contacted Adobe and they provided the following link for more information: [HERE](#). Our team's recommendation is to follow the instructions for uninstalling Adobe Flash and try a different browser (Chrome or Firefox). We appreciate you letting us know when you are having these difficulties and we will continue to work with their customer support to try to find solutions.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. ## February 10, 2021

Dear Colleagues,

Please join us for our next VCHIP/AAP/AAFP/VDH call on Friday, **February 12, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will continue to discuss the latest information on the virus, vaccinations, and schools and childcare, including details of the updated guidance for school and youth league sports. We hope you can join us.

**We will send out the updated slide deck tomorrow.** Note: We have learned the VDH dashboard included some inaccurate data, but the plan is to correct it by this evening. We will include the corrected data in the updated slides.

Our remaining **VCHIP/AAP/AAFP/VDH call this week is on Friday (2/12)**. **NOTE: There is NO call on Monday, 2/15/21 for President's Day**. Our calls next week are on Wednesday (2/17) and Friday (2/19). We will continue our M/W/F schedule the following week (2/22-2/26). Please contact us with any comments or feedback about this schedule.

We are sorry that Adobe Connect's transition to a Flash-free architecture has created connection problems for some of you. Our team's recommendation is to follow the instructions for uninstalling Adobe Flash and try joining the call via a web browser (Google Chrome or Mozilla Firefox) instead of the Adobe Connect application. Some UVM Health Network users have had luck opening the call via their Mozilla Firefox web browser and others have been able to load the call via Chrome. To join via your browser, click *cancel* when the browser prompts you to open the call via the application and then click *open the classic view in this browser*. When we contacted Adobe support to inquire about Adobe Connect and Adobe discontinuing Flash support, they provided the following link: [here](#). We appreciate you letting us know when you are having these difficulties and we will continue to work with their customer support to try to find solutions.

schedule the following week (2/22-2/26). Please contact us with any comments or feedback about this schedule.

We are sorry that Adobe Connect's transition to a Flash-free architecture has created connection problems for some of you. Our team's recommendation is to follow the instructions for uninstalling Adobe Flash and try joining the call via a web browser (Google Chrome or Mozilla Firefox) instead of the Adobe Connect application. Some UVM Health Network users have had luck opening the call via their Mozilla Firefox web browser and others have been able to load the call via Chrome. To join via your browser, click *cancel* when the browser prompts you to open the call via the application and then click *open the classic view in this browser*. When we contacted Adobe support to inquire about Adobe Connect and Adobe discontinuing Flash support, they provided the following link: [here](#). We appreciate you letting us know when you are having these difficulties and we will continue to work with their customer support to try to find solutions.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

Our team's recommendation is to follow the instructions for uninstalling Adobe Flash and try joining the call via a web browser (Google Chrome or Mozilla Firefox) instead of the Adobe Connect application. Some UVM Health Network users have had luck opening the call via their Mozilla Firefox web browser and others have been able to load the call via Chrome. To join via your browser, click *cancel* when the browser prompts you to open the call via the application and then click *open the classic view in this browser*. When we contacted Adobe support to inquire about Adobe Connect and Adobe discontinuing Flash support, they provided the following link: [here](#). We appreciate you letting us know when you are having these difficulties and we will continue to work with their customer support to try to find solutions.

Please do not hesitate to reach out to us with any feedback/questions or topics/areas you want discussed. Email us at: [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu) or [wendy.davis@med.uvm.edu](mailto:wendy.davis@med.uvm.edu).

Thank you very much for taking time from your busy schedules to join our calls. We hope that you have a restful and peaceful weekend, and we look forward to having you join our call on Monday!

February 22, 2021

Dear Colleagues,

Please join us for our **VCHIP/AAP/AAFP/VDH call on Wednesday, February 24, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will be joined by Drs. Kristen Connolly and Jonathan Flyer to discuss the updated post-COVID pediatric cardiac screening/return to play documents. We will also discuss the latest information on vaccines, schools and childcare. We hope you can join us.

Thank you so very much to Senator Virginia “Ginny” Lyons and Representative Lori Houghton for being such an integral part of our call focusing on the “Impact of COVID-19 on the Mental Health and Social-Emotional Well-Being of Vermont’s Children, Youth and Families.” And thank you to all of you for participating, and for sharing your thoughts and experiences. We have a lot of work ahead of us, but this was a really good start. **If you have not yet completed the VMS member survey and wish to do so the link is here: <https://www.surveymonkey.com/r/ChildMentalHealth>**

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (2/24) and Friday (2/26). Please contact us with any comments or feedback about this schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## **Important events and programs:**

- February is VMS 2021 Advocacy Month. This **Thursday, 2/25 from 12:30 – 1:30**, is a Congressional COVID-19 Town Hall with invited Congressional delegates to discuss COVID-19 relief, the Biden Administration’s COVID vaccine plan, and other federal health care policy initiatives. No registration is needed. This replaces the regular weekly VMS Commissioner’s call, and Commissioner Levine will be on the call as well. To attend: [Join Zoom Meeting](#). ## March 12, 2021

Dear Colleagues,

Please join us for **our VCHIP/AAP/AAFP/VDH call on Monday, March 15 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will be joined by **AOE Deputy Secretary Heather Bouchey**, who will share information on the emerging school recovery plans. We will also discuss the latest information on the virus, and schools and childcare. We hope you can join us!

Thank you very much to our two great presenters today: Dr. Benjamin Lee, for his presentation on the preliminary results of his study “A longitudinal serosurvey of COVID-19 antibodies in VT Children;” and Dr. Rebecca Bell, for her presentation on “Rethinking Summer Programming.” We encourage you to think about where the opportunities for summer learning programs are in your local communities. We will continue to follow emerging information from Dr. Bell and Holly Morehouse, Vermont Afterschool, regarding opportunities for local advocacy.

Our **VCHIP/AAP/AAFP/VDH calls next week** are on Monday (3/15); Wednesday (3/17) and Friday (3/19). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. March 15, 2021

Dear Colleagues,

Please join us for **our VCHIP/AAP/AAFP/VDH call on Wednesday, March 17, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will discuss the latest information on the virus, and schools and childcare. We hope you can join us!

Thank you very much to our presenter today: Heather A. Bouchey, PhD, Deputy Secretary of the VT Agency of Education, on “Required Recovery Planning.” Dr. Bouchey provided an update and conceptual model of three areas of focus for educational recovery: Mental Health and Well-Being; Engagement and Truancy; and Academic Achievement and Success. She highlighted her commitment to an enhanced partnership between the AOE and the healthcare community. She is encouraging the districts to reach out to their community clinicians and encourages clinicians to reach out to the schools in your communities.

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (3/17) and Friday (3/19 – join our celebration of your commitment to Vermont’s children and families over this past year). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. ## March 26, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. We were delighted to acknowledge yesterday's Vermont State School Nurses Association Awards Ceremony honoring Drs. Ben Lee, Bill Raszka, and Rutland NE SU Superintendent Jeanne Collins (**J. Ward Stackpole Award**), and Dr. Breena Holmes (**Dr. Breena Holmes School Nurse Champion Award**)! AND – please send **BIRTHDAY WISHES** to Breena who will be celebrating that event this Sunday, March 28!

Please join us for **our VCHIP/AAP/AAFP/VDH call on Monday, March 29, 2021 from 12:15 to 12:45 PM** (see detailed call information below). During next week's calls we will discuss the latest information on schools, child care, camps and vaccines, including the impact of the pandemic on coverage rates for routine immunizations (thanks to a question from Dr. Geagan). We hope you can join us!

Our **VCHIP/AAP/AAFP/VDH calls next week** are on Monday (3/29); Wednesday (3/31); and Friday (4/2). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. ## March 29, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, March 31, 2021 from 12:15 to 12:45 PM** (see detailed call information below). During this week's calls we will discuss the latest information on schools, child care, camps/summer programs and vaccines, including the impact of the pandemic on coverage rates for routine immunizations. We hope you can join us!

***We wish to take a moment to send our very best wishes for a Happy National Doctors' Day tomorrow, March 30, and to honor you and your teams for all that you are doing for Vermont's children and families in these extraordinary times!***

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (3/31); and Friday (4/2). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

April 12, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, April 14, 2021 from 12:15 to 12:45 PM** (see detailed call information below). In addition to the latest information on schools, childcare, and vaccines, we will hear details regarding Vermont's summer initiative for children and youth from Stephanie Winters, Rebecca Bell, and Leah Costello. We hope you can join us!

Thank you so much to Jessica VanNostrand, MD, PGY2, UVMCH, and Abby Beerman, MPH, UVMCH Injury Prevention Coordinator, for presenting "Primary Care Providers Promoting Helmet Use in Children." UVMCH's PHAT (Protect Your Head at all Times) program provides helmets to medical homes to distribute to children and families. For further information about PHAT or becoming a PHAT practice partner contact: [jessica.vannostrand@uvmhealth.org](mailto:jessica.vannostrand@uvmhealth.org) or [abby.beerman@uvmhealth.org](mailto:abby.beerman@uvmhealth.org). **Please see # 3 under "Attachments/Links" for additional information and the link to a survey that we hope you will complete at your earliest convenience.**

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (4/14), and Friday (4/16). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## April 23, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, April 26, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will share the latest information on schools, childcare (including continuing to unpack the new childcare and summer health guidance released/discussed today), and vaccines. We hope you can join us!

**Breaking news** as we send this email: the ACIP approved the following recommendation at the conclusion of today's meeting: "The Janssen COVID-19 vaccine is recommended for persons 18 years of age and older in the U.S. population under the FDA's Emergency Use Authorization." It is reported that they decided that "including a separate warning on the vaccine, as well as in an FDA EUA fact sheet and materials on the CDC website, was sufficient. The committee agreed that any further qualifiers would be too cumbersome for local jurisdictions to implement and might contribute to vaccine hesitancy."

**Also: please accept our apologies for the Adobe Connect issues this week:** Due to an issue with the audio integration of our phone line provider and Adobe Connect, there may be more interruptions than usual for individuals using computer audio. If you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (**Call in number – 1-866-814-9555 and Participant Code – 6266787790**). Adobe Connect is working to identify the exact source of the problem in their server logs. We apologize for any inconvenience or disruption in the meantime.

Thank you so much to Breena Holmes, MD FAAP, VCHIP Senior Faculty, VDH Physician Advisor, for highlighting the **NEW** Revised Guidance on Child Care and Out-of-School Time. The documents were released today and are included in our “Attachments/links” section below (#2).

Our **VCHIP/AAP/AAFP/VDH calls next week** are on Monday (4/26); Wednesday (4/28); and Friday (4/30). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

April 26, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, April 28, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will share the latest information on schools, camps, childcare, out-of-school time, and vaccines (including planning for vaccines for children and youth). We hope you can join us!

**Also: please accept our apologies for the Adobe Connect issues that are (unfortunately) persisting this week:** Due to an issue with the audio integration of our phone line provider and Adobe Connect, there may be more interruptions than usual for individuals using computer audio. If you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (**Call in number – 1-866-814-9555 and Participant Code – 6266787790**). Adobe Connect is working to identify the exact source of the problem in their server logs. We apologize for any inconvenience or disruption in the meantime.

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (4/28) and Friday (4/30). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

We will hear from Cindy Noyes, Associate Professor of Medicine (LCOM) and Director, Infection Prevention and Hospital Epidemiologist, UVM Medical Center about COVID-19 infections in healthcare workers. We also will share the latest information on schools, camps, childcare, out-of-school time, and vaccines (including planning for vaccines for children and youth). We hope you can join us!

**Please accept our apologies for the Adobe Connect issues that are (unfortunately) persisting this week:** Due to an issue with the audio integration of our phone line provider and Adobe Connect, there may be more interruptions than usual for individuals using computer audio. If you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (**Call in number – 1-866-814-9555 and Participant Code – 6266787790**). The Adobe Connect Support Team found the source of the issue in the server logs and their Escalations Team is working to resolve it. We apologize for any inconvenience or disruption in the meantime.

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (5/5) and Friday (5/7). Please contact us with any comments or feedback about our M/W/F schedule.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

May 5, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Friday, May 7, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will discuss the nuances of Vermont's guidance, including mask guidance, and will share the latest information on schools, camps, childcare, out-of-school time, and vaccines (including planning for vaccines for children and youth). We hope you can join us!

Thank you so much to Cindy Noyes, MD, Associate Professor of Medicine (LCOM) and Director, Infection Prevention and Hospital Epidemiologist, UVM Medical Center for her presentation on "Healthcare Worker COVID Infection Epidemiology."

**Our Adobe Connect issues from the past two weeks MAY be resolved (we have our fingers crossed!).** If this issue with the audio integration of our phone line provider and Adobe Connect recurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (**Call in number – 1-866-814-9555 and Participant Code – 6266787790**). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

Our remaining **VCHIP/AAP/AAFP/VDH call this week** is on Friday (5/7). Please contact us with any comments or feedback about our M/W/F schedule. **Note: We currently are not planning to hold calls on: Friday (5/21); Monday (5/31); or Friday (6/4). In addition, we are considering going to 1-2 days/week this summer. Please send us your thoughts/feedback on this at [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu).**

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. ## May 7, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, May 10, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will hear updates from the VDH Immunization Program (including planning for vaccines for children and youth), and will share the latest information on schools, camps, childcare, and out-of-school time. We hope you can join us!

Thank you so much to Breena Holmes, MD FAAP, for highlighting key sections in the “Childcare and Out-of-School Time” guidelines today. It is so helpful to have her clarify and walk us through this guidance as we “move forward” together in this journey!

**Our Adobe Connect issues from the past two weeks MAY be resolved (we have our fingers crossed!).** If this issue with the audio integration of our phone line provider and Adobe Connect recurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (**Call in number – 1-866-814-9555 and Participant Code – 6266787790**). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

Our **VCHIP/AAP/AAFP/VDH calls next week** are on Monday (5/10); Wednesday (5/12); and Friday (5/14). Please contact us with any comments or feedback about our M/W/F schedule. **Note: We currently are not planning to hold calls on: Friday (5/21); Friday (5/28), Monday (5/31); or Friday (6/4). In addition, we are considering going to 1-2 days/week this summer. Please send us your thoughts/feedback on this at [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu).**

Dear Colleagues,

## COVID-19 VCHIP – CHAMP - VDH Call Follow-up Emails

| Press the Ctrl key + Click the desired month/attachment |

**Breaking News – announced this afternoon: FDA authorizes Pfizer vaccine for children and youth 12 to 15 years old. [Recall: companies report vaccine 100% effective in preventing COVID-19 in a trial of 2,300 U.S. youth in this age group.]**

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, May 12, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will continue to discuss vaccines, including planning for vaccines for children and youth, and will celebrate National School Nurse Day. We hope you can join us!

Thank you so much to Christine Finley, APRN, MPH, Immunization Program Manager and Merideth Plumpton, RN, Nurse Coordinator; VDH, who provided excellent information regarding the transition underway to provide COVID vaccines at PCP offices and learn more about their work to meet the unique needs at practices around the state.

Our Adobe Connect issues from the past two weeks MAY be resolved (we have our fingers crossed!). If this issue with the audio integration of our phone line provider and Adobe Connect recurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

Our remaining **VCHIP/AAP/AAFP/VDH calls this week** are on Wednesday (5/12); and Friday (5/14). Please contact us with any comments or feedback about our M/W/F schedule. **Note: we currently are not planning to hold calls on: Friday (5/21); Friday (5/28), Monday (5/31); Friday (6/4) or Wednesday (6/9). In addition, we are considering going to 1-2 days/week this summer. Please send us your thoughts/feedback on this at [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu).**

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## May 12, 2021

Dear Colleagues,

**Breaking news from the American Academy of Pediatrics: policy statement out today:**

<https://pediatrics.aappublications.org/content/pediatrics/early/2021/05/11/peds.2021-052336.full.pdf>

Excerpts: “The AAP recommends COVID-19 vaccination for all children and adolescents 12 years of age and older who do not have contraindications using a COVID-19 vaccine authorized for use for their age... Given the importance of routine vaccination and the need for rapid uptake of COVID-19 vaccines, **the AAP supports coadministration of routine childhood and adolescent immunizations with COVID-19 vaccines (or vaccination in the days before or after)** for children and adolescents who are behind on or due for immunizations.”

**For the latest on this topic, join tomorrow’s AAP COVID-19 Townhall Series: Thursday, May 13 at 8 PM ET** on COVID-19 Vaccine Updates - ACIP COVID-19 vaccine recommendations, COVID-19 vaccine for adolescents 12 years of age and older, co-administration with other routine vaccines, managing vaccine hesitancy (SEE registration link below under **important events**).

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Friday, May 14, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will bring you the latest details on administering COVID-19 vaccine to youth, including the schedule of school-based clinics and parent information sessions. We hope you can join us!

Thank you so much to our presenters today: (1) Kaitlyn Kodzis, MSN, BSN, RN, State School Nurse Consultant, VDH, for providing an overview of the depth and breadth of what Vermont’s school nurses do. “Happy National School Nurse Day” to our school nurses! (2) Benjamin Lee, MD FAAP, Pediatric Infectious Disease, UVM CH, for his “COVID-19 Serology Update.” This topic is especially important as we move into the post vaccination era. NOTE: After the call Dr. Lee sent us the link to the “Fact sheet for Healthcare Providers Administering Vaccine (Vaccination Providers). Emergency Use

Dear Colleagues,

**Please note the following updates received after today's call (1) Re: masking in schools** (from AOE): "there are many exceptions to the new masking guidance as it applies to Vermont schools. For now, all Vermont schools should continue to follow the masking guidance contained in [A Strong and Healthy Year: Safety and Health Guidance for Vermont Schools](#). VDH and the Agency of Education will review the implications of the new guidance and issue any necessary clarification via FAQ."

**AND (2) Re: question about registering a youth with Type I diabetes for COVID-19 vaccine** – VDH had not planned for a high-risk 12-15 yo group, and a setting was missed when this went live. This has been fixed and parents should be able to log back into the public portal and will be able to schedule for their child. Parents can also call 855-722-7878 to schedule. VDH apologizes for the confusion!

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, May 17, 2021 from 12:15 to 12:45 PM** (see detailed call information below). Monica Ogelby, MSN, Children with Special Health Needs Clinical Services Director at VDH, will discuss home-based vaccines for children and youth with special health needs. We will bring you the latest details on administering COVID-19 vaccine to youth, including the schedule of school-based clinics and parent information sessions, and any updated childcare or school guidance. We hope you can join us!

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). May 17, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, May 19, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will bring you the latest details on administering COVID-19 vaccine to youth, including the schedule of school-based clinics and parent information sessions, and any updated childcare or school guidance. We hope you can join us!

We will also address recent developments in the **global impact** of the COVID-19 pandemic. Many thanks to Dr. Molly Rideout, for directing our attention to the **continuing crisis in Nepal**, driven in part by a shortage of oxygen. As you may know, Vermont has many connections to the Nepali community, and we are grateful to Mohini Joshi, lead Nepali interpreter at UVMMC, who recommended the following two organizations for donations if you are able:

1. Help Nepal Network ([www.helpnepal.net](http://www.helpnepal.net) )
2. Institute for Nepal ([www.i4nepal.org](http://www.i4nepal.org)) – link to specific fundraiser for oxygen :

<https://www.gofundme.com/f/oxygen-bank-support-by-unhn-institute-for-nepal>

And two more links from Anisha, a new UVM Children's Hospital hospitalist who will be joining us (relocating from Minnesota) in September:

3. Health Foundation Nepal: <http://www.healthfoundationnepal.org/> and
4. America Nepal Medical Foundation: <https://www.anmf.org/>

You may also wish to review the following article on this topic:

<https://www.google.com/amp/s/amp.theguardian.com/world/2021/may/10/hopeless-situation-oxygen-shortage-fuels-nepal-covid-crisis>

Thank you so much to Ilisa Stalberg, MSS, MLSP, VDH MCH Director, for letting us know about the process for expanding the home-based vaccination program to include children and youth with special health needs (thank you to Monica Ogelby, MSN, RN, VDH CSHN Director, as well). We have attached the letter that Ilisa referenced that further explains the process for this program that partners Home Health Agencies (HHAs) with EMS to offer these in-home COVID-19 vaccinations to patients who are unable to travel.

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

## May 26, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, June 2, 2021 from 12:15 to 12:45 PM** (see detailed call information below). **Dr. Ben Lee** will join us to discuss issues such as masking in the pediatric population (as mandates are lifted), vaccine news (including any new information on myocarditis following COVID-19 vaccination), and the latest updates on summer programming/childcare/school guidance. We hope you can join us!

**As anticipated, today the AAP released updated “COVID-19 interim guidance on Face Masks.”** Key points include that unvaccinated individuals should wear a face mask indoors and outdoors when in large group settings or when physical distancing cannot be maintained. And face masks are still encouraged for: children and staff in schools, child care, and camps; when traveling by public transportation, in transportation hubs, and outside the US; and by individuals in the same household as someone who has COVID-19 symptoms or is SARS-CoV-2 positive. Variation is anticipated based on state, local, tribal, or territorial laws, rules and regulations. Please see **attached** and **link** to guidance under “Attachments/Links” below (#3).

June 2, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, June 7, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will hear about VDH's new public engagement campaign "One More Conversation: Substance Use in Pregnancy Education Campaign." We will also discuss the latest updates on summer programming/childcare/school guidance. We hope you can join us!

Thank you to so much (once again) to Dr. Benjamin Lee, Pediatric Infectious Diseases, UVM CH, Associate Professor, LCOM Department of Pediatrics for his very timely and informative presentation on "Masking, Myocarditis and Variants."

We are continuing to monitor and follow-up on the Adobe Connect issues. # COVID-19 VCHIP – CHAMP - VDH Call Follow-up Emails

| Press the Ctrl key + Click the desired month/attachment |

June 7, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Friday, June 11, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will have an update from the **VDH Immunization Program**, including information on transitioning from mass vaccination clinics to vaccine administration in primary care practices. We will also discuss the latest updates on summer programming/childcare/school guidance. We hope you can join us!

Thank you so much to our two presenters today: Breena Holmes, MD, FAAP (VCHIP, VDH) and Shari Levine, MPH (Information Director, MCH/VDH) for “VDH Updates: New Home Visiting Position; Vermont WIC Program; One More Conversation: Substance Use in Pregnancy Information Campaign.” Please see #6 in Attachment/Links section below for links to additional information/resources.

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

Our remaining **VCHIP/AAP/AAFP/VDH call this week** is on Friday (6/11). **There is no call this Wednesday (6/9)**. In addition, we are considering going to **1-2 days/week this summer, then continuing with frequency TBD in the fall – perhaps to include new/different topics. We will share the results of the survey and our new call schedule on this Friday’s call!**

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

June 11, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, June 14, 2021 from 12:15 to 12:45 PM** (see detailed call information below). During next week's calls we will present updated Vermont Return to Play protocols based on AAP updates and will also discuss the latest updates on summer programming/childcare/school guidance. We hope you can join us!

Thank you so much to our VDH Immunization Program colleagues: Merideth Plumpton, RN, Nurse Program Coordinator, and Christine Finley, APRN, MPH, Program Manager, for today's presentation on "COVID-19 Vaccine in PCP Offices." And please join us in celebrating, thanking, and sending "best wishes" to Chris, for her many accomplishments during her career with the state of Vermont, including 11 years as the Immunization Program Manager. We are so thankful for her leadership and guidance during her tenure, with special gratitude during this last very difficult year.

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

Our **VCHIP/AAP/AAFP/VDH calls next week** are on Monday (6/14) and Wednesday (6/16). **There is no call next Friday (6/18). Thank you so much to all of you for completing the survey/providing feedback to inform our summer schedule! See slide #4, for updated schedule.**

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

## June 16, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Monday, June 21, 2021 from 12:15 to 12:45 PM** (see detailed call information below). We will have an update on Blood Lead Screening in Vermont presented by Dr. Matthew Saia and Jill Davis, MA (VCHIP Project Director) and discuss the latest information on summer programming/childcare/school guidance. We hope you can join us!

**In follow up to today's question:** your mildly symptomatic patients may use pop-up sites for testing. More planning is occurring as well, but for now that's ok! (thank you to Monica Fiorenza, MD, FAAP for asking the question on today's call).

Our **VCHIP/AAP/AAFP/VDH calls next week** are Monday (6/21) & Wednesday (6/23). **There is no call Friday (6/25). See slide #4, for the summer schedule! Thank you to all of you who completed the survey/provided feedback to inform our call schedule moving forward!**

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, July 7, 2021, from 12:15 to 12:45 PM** (see detailed call information below). We will share any updates from VDH on vaccination administration and discuss the latest summer programming/childcare/school guidance. We hope you can join us!

Thank you to Benjamin Lee, MD FAAP, Pediatric Infectious Diseases, UVM CH; Associate Professor, LCOM Department of Pediatrics, for his “COVID-19 Update” that included information on the preliminary reports of myocarditis/pericarditis and association with mRNA vaccination, and related to the Delta variant. His slides are included in the attached slide deck.

**Important clarification from today’s call re: the following question (from the “chat”):** “VDH is suggesting people who got J&J and want to be ‘boosted’ get 2 doses of Pfizer or Moderna; do you think that is necessary or a single dose would be ok? We have parents seeking this ‘improved immunity.’”

**We communicated with VDH Immunization Program staff and received the following response:** “There has not been any formal recommendation made from CDC or the ACIP for booster doses or mixing doses...ACIP met last week and they discussed not recommending boosters at this time. There was a question at the press conference yesterday that may be the source of confusion:

## COVID-19 VCHIP – CHAMP - VDH Call Follow-up Emails

**Q: J&J vaccine only 67% effective against Delta variant. Should he get the Pfizer or Moderna vaccine?** **A:** *“What does 67% mean? Just getting sick at all? The vaccine is likely much better at preventing serious disease. The rate of vaccination needs to be taken into account and our rate is very high. If traveling to an area with higher case rates, you might want to consider getting another dose of vaccine. We don’t have science on that strategy. Studies are ongoing. Talk to your provider.”*

We will continue to follow this issue and provide additional information/clarification as it becomes available.

Our next **VCHIP/AAP/AAFP/VDH call is next week** on Wednesday (7/7). **There are NO calls: this Friday (7/2); OR Monday (7/5). Calls are scheduled for Wednesdays during July and August (See slide #4, for the summer schedule!).**

We are continuing to monitor and follow-up on the Adobe Connect issues. If this issue with the audio integration of our phone line provider and Adobe Connect occurs, and you experience issues with your computer audio, we recommend dialing-in using the phone number and participant code (*Call in number – 1-866-814-9555 and Participant Code – 6266787790*). We are watching this closely and appreciate you letting us know if this does happen so that we may continue any efforts needed to resolve the problem.

In our continued efforts to address any disruption of delivery of our post-call emails, we are following guidance from the LCOM IT department to limit attachments and links. Please find additional attachments and previous listings (including call recordings, slides and Q & A summaries) on our CHAMP COVID-19 call landing page [HERE](#).

Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, July 21, 2021, from 12:15 to 12:45 PM** (see detailed call information below). We will share updates from VDH on vaccination administration and discuss the latest summer programming/childcare/school guidance. We hope you can join us!

Thank you so much for the question/conversation on today's call related to: "With the rise of cold viruses ... and the rise of RSV outside of the 'typical season' is there discussion of offering Synagis to our high-risk patients at an alternative schedule ...?" Dr. Becca Bell reached out to NICU colleagues, and they agree this is an important discussion. Stay tuned for more information including whether we need advocacy to get insurance coverage for our patients.

Our next **VCHIP/AAP/AAFP/VDH call is next week** on Wednesday (7/21). **Calls are scheduled for Wednesdays in July** (Exception: no call on July 28) **and August** (Subject to change as we approach fall school reopening). **See slide #4 for summer call schedule.**

## August 18, 2021

Dear Colleagues,

Many thanks to those of you who were able to join our call today. Please join us for **our next VCHIP/AAP/AAFP/VDH call on Wednesday, August 25, 2021, from 12:15 to 12:45 PM** (see detailed call information below). We will provide the latest information as safe school guidance continues to evolve, including updates to the algorithm on returning to school following exposure/symptoms/illness. We hope you can join us!

Please be aware of the **breaking news** immediately following our call today: public health and medical experts from the U.S. Department of Health and Human Services (HHS) released a statement on the Biden Administration's plan for COVID-19 booster shots, as follows: "We have developed a plan to begin offering these booster shots this fall subject to FDA conducting an independent evaluation and determination of the safety and effectiveness of a third dose of the Pfizer and Moderna mRNA vaccines and CDC's Advisory Committee on Immunization Practices (ACIP) issuing booster dose recommendations based on a thorough review of the evidence. We are prepared to offer booster shots for all Americans beginning the week of September 20 and starting 8 months after an individual's second dose. At that time, the individuals who were fully vaccinated earliest in the vaccination rollout, including many health care providers, nursing home residents, and other seniors, will likely be eligible for a booster. We would also begin efforts to deliver booster shots directly to residents of long-term care facilities at that time, given the distribution of vaccines to this population early in the vaccine rollout and the continued

increased risk that COVID-19 poses to them.” Please see the complete statement at: <https://www.cdc.gov/media/releases/2021/s0818-covid-19-booster-shots.html>

The AAP-VT Chapter is available to attend/support school districts/schools with masking guidance. There are also opportunities for pediatricians to speak to school boards. If you are interested in working with the Chapter to present in your area, please contact Stephanie Winters, Executive Director, VMS at [swinters@vtmd.org](mailto:swinters@vtmd.org).

Thank you very much to Breena Holmes, MD, FAAP for presenting on the “Safe Return to School for Vermont Students”. Topics under discussion for clarification and coordination are: masking; student surveillance testing; contact tracing in schools; the update to the algorithm on returning to school following exposure/symptoms/illness; and the COVID Coordinator role. There is so much to talk about in this changing environment!

**Our next VCHIP/AAP/AAFP/VDH call is next Wednesday (8/25). Calls are on Wednesdays in August.** The September call schedule will be determined. NOTE: **No calls on 9/1 or 9/15.** Please email us at [vchip.champ@med.uvm.edu](mailto:vchip.champ@med.uvm.edu) with your call schedule preference.

### August 20, 2021

Dear Colleagues,

Our next **VCHIP/AAP/AAFP/VDH call is Wednesday, August 25,** 2021 (the usual time and log-in), but we wanted to share the attached updated resources with you today! They include:

- The updated algorithm entitled **COVID-19 in Pediatric Patients: Triage, Evaluation, Testing and Return to School**. With the Vermont school year about to get under way, we would appreciate your piloting this tool – perhaps this week – and letting us know what you think! This algorithm is a living document, and we are very open to your feedback as you pilot its use. We will present the algorithm more formally on next Wednesday's call.
