Subject: Request for a WeeklyWire posting

Hi,

We at VCHIP would like to request that you post the following employment ad in the Weekly Wire. Thank you for your help.

Temporary Medical Record Chart Reviewer

UVM's Vermont Child Health Improvement Program (VCHIP) needs temporary medical record chart reviewers from March through May or June 2019 for annual statewide chart review. Bachelor's degree required. We seek candidates who have worked in a healthcare setting, including experience reading medical records. Qualified candidates will have strong computer skills, attention to detail and accuracy, and can commit to working a minimum of three full days per week. This position involves statewide travel to primary care practices for data collection, and may include overnight stays. The position pays \$18 per hour. Travel expenses are reimbursed. Submit cover letter and resume to VCHIP.CHAMP@med.uvm.edu.
