Areas of Interest

Before joining the VCCYF team in 2005 Eliza practiced social work in a variety of settings including as a medical social worker at the Arnold Palmer Children's hospital in Orland, FL; as the Essex County Wraparound Coordinator at Families First (a parent run family support agency) in Elizabethtown, NY; and as a School Social Worker at the Howard Center here in Burlington. Eliza brings together her knowledge of the children's mental health system of care in Vermont with the practices of the Vermont Family Based Approach to support VCCYF clinicians, community providers and family members to access resources to support mental health and wellness for the whole family.

Eliza provides supervision to master's level social work students and consultation to fellow clinicians and to primary care providers in the community. She coordinates the Child Psychiatry Consultation program.
